Space Opera Saga Global Trend:

The Noble Savage in the New World Garden Gaile McGregor, 1988 This book is a literary history of the Noble Savage and a comprehensive metamorphology of the American mind Wide ranging and deep diving this book suggests many reevaluations of American heroes and attitudes

Fear of Seeing Mingwei Song, 2023-10-03 Winner 2023 SFRA Book Award Science Fiction Research Association A new wave of cutting edge risk taking science fiction has energized twenty first century Chinese literature These works capture the anticipation and anxieties of China s new era speaking to a future filled with uncertainties Deeply entangled with the politics and culture of a changing China contemporary science fiction has also attracted a growing global readership Fear of Seeing traces the new wave s origin and development over the past three decades exploring the core concerns and literary strategies that make it so distinctive and vital Mingwei Song argues that recent Chinese science fiction is united by a capacity to illuminate what had been invisible what society had chosen not to see what conventional literature had failed to represent Its poetics of the invisible opens up new literary possibilities and inspires new ways of telling stories about China and the world Reading the works of major writers such as Liu Cixin and Han Song as well as lesser known figures Song explores how science fiction has spurred larger changes in contemporary literature and culture He analyzes key topics variations of utopia and dystopia cyborgs and the posthuman and nonbinary perspectives on gender and genre among many more A compelling and authoritative account of the politics and poetics of contemporary Chinese science fiction Fear of Seeing is an important book for all readers interested in the genre s significance for twenty first century literature

Handbook of Futures Studies Roberto Poli, 2024-07-05 This insightful Handbook emphasizes the unique contribution that Futures Studies offers when understanding and managing current situations Contributing authors argue that by learning to examine the future in the present individuals and organizations can expand their abilities to analyze assess and ultimately make better decisions This title contains one or more Open Access chapters

BioWare's Mass Effect Jerome Winter, 2022-11-24 The videogame series Mass Effect is a remarkable rarity not only for being an original science fictional franchise of recent vintage that has risen to such prominent commercial and critical success in popular culture but also for pushing the canonical boundaries of how science fiction as a genre will be experienced and understood in the future This book analyzes the significance of the game for an understanding of the evolving SF genre and articulates an explanatory framework to limn its landmark reception in videogame history This book both synthesizes the burgeoning body of scholarship on Mass Effect for a readership unfamiliar with either the game or the critical conversation on its salient importance while simultaneously for readers already invested in the science fiction and videogame scholarship mounting an extended inquiry as to why Mass Effect has served as such a representative milestone in videogame and genre history The book should appeal to veteran science fiction and videogame scholars and students as well as a wide variety of fans consumers gamers and general readers

Books and Beyond Kenneth Womack, 2008-10-30 There s a strong interest in

reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga, and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Modernism & Australia Ann Stephen, Andrew McNamara, Philip Goad, 2006. This first anthology of modernist art, design, and architecture in Australia reveals the raw nerves that modernism exposed and highlights the role of migrants, expatriates, travel, and mass reproduction in the reception of modernism in Australia. In more than two hundred documents, talks, letters, fiery debates, public manifestoes, and private diaries, the main players of the time, 1917-67, convey in their own words the tensions, aspirations, and paradoxes behind the reception of modernism. Each document is put in context and accompanied by expert commentaries from the editors. The collection overturns many key assumptions about Australian culture, revealing not a time lag in reception but an up-to-date engagement with the latest overseas trends and developments. It shows a surprising acceptance of modernism in the commercial realms: design, fashion, interior decoration, yet chronicles the dogged institutional resistance that greeted modernism, particularly in the fine arts.

American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu, 2015-03-26. Counterculture, while commonly used to describe youth-oriented movements during the 1960s, refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day. This fascinating three-volume set explores these movements in America from colonial times to the present in colorful detail.

American Countercultures is the first reference work to examine the impact of countercultural movements on American social history. It highlights the writings, recordings, and visual works produced by these movements to educate, inspire, and incite action in all eras of the nation's history. A-Z entries provide a wealth of information on personalities, places, events, concepts, beliefs, groups, and practices. The set includes numerous illustrations, a topic finder, primary source documents, a bibliography, and a filmography, and an index.

Science Fiction Studies, 2000 *If*, 1969 **Reassessing Dubbing** Irene Ranzato, Serenella Zanotti, 2019-08-06. Despite a long tradition of scholarship and the vast amount of dubbed audiovisual products available on the global market, dubbing is still relatively underrepresented in audiovisual research. The aim of this volume is to give dubbing research its due by showing that far from being a doomed or somewhat declining form of AVT, it is being exploited globally in the most diverse and fruitful ways. The contributions to this collection take up the diverse strands that make up the field to offer a multi-faceted assessment of dubbing on the move, embracing its important historical past as well as present and future developments, thus proving that dubbing has really come a long way and has not been less ready than other AVT modes to respond to the mood of the times. The volume will be of interest for scholars and students of translation studies, audiovisual translation, linguistics, film, television, and game studies.

Foundation, 1993 **World Architecture**, 1995 Library Journal, 2002 Cinefantastique Frederick S. Clarke, 1985 *Aviation Week & Space Technology*, 2001 **American Book Publishing Record**, 1983-04 *Wine & Spirit International*, 2005 **Toys & Prices 2006** Karen O'Brien, 2005 **St. James Guide to Science Fiction Writers** Jay P. Pederson, 1996. Concise discussions of the lives and principal works of prominent science fiction authors, written by subject experts. *Pacific Air & Truck Traffic*, 1967. Includes directories of air and highway carriers.
