Believing in the Text David Jasper,George Newlands,Darlene Bird,2004 The essays in this book

represent ten years of the work of the Centre for the Study of Literature Theology and the Arts in the University of Glasgow. Seemingly diverse they are bound together by a common belief that theology flourishes in an interdisciplinary and transcultural environment. It cannot be an abstract concern but is rooted in political circumstances and responds to developments in society and the arts. That is why there are essays on film and contemporary artists like Mona Hatoum as well as more traditional studies of theology read through and in literature. The Centre has always been an international meeting place and contributions range well beyond the Western Christian seeking new roots for theological thinking in the arts and culture of a postmodern world.
