BOOK OF 2025 In this lyrical radically expansive self portrait celebrated poet author and lecturer Sophie Strand explores with searing insight and honesty the intersecting spaces of her own chronic illness the complex ecology of a changing world and the very nature of the stories we tell ourselves At age sixteen Sophie Strand bright agile fearless is suddenly beset by unexplained debilitating illness while on a family trip abroad Her once vibrant life becomes a tangled miasma of medication specialists anaphylaxis and seemingly never ending attempts to explain what has gone so terribly wrong And for many years thereafter Sophie s life becomes subsumed with ideas not of health but of explanation and the narrative of how and why she became sick But slowly through both profound fatigue with the medical industrial complex and a deeply entwined relationship with the natural world she comes to another more fundamental understanding of what has happened to her body What if sickness is not a separation from the body What if health is not quite so easy to see What if physical pain leaves us no choice but to return to our bodies the pinpricks and lightning of illness stitching us back into a physical presence our society has taught us to ignore In a work both expansively tender and shockingly frank Sophie Strand offers readers a window onto her own winding journey through the maze of chronic illness a web not unlike those created by the mycorrhizal fungi whose networks she begins to see as a metaphor for the profound connections between all species and the earth Grounded deeply in the mountains of the Hudson Valley each moment of this far reaching narrative snakes its way through the multi layered ecology of the land around us from the stunningly powerful pollen of a phlox plant to the unexpected beauty and wisdom of the woodchuck *The Body Is a Doorway* dives into the murky waters of sickness and trauma as well as the resonant challenges and joys of friendship young adulthood first love and fertility Throughout in precise sparkling language it explores questions both personal and universal Is there healing beyond the human Beyond the hope for a cure or a happy ending Is there something wilder and more symbiotic beyond narrow ideas of well being
