The Rotters Club:

The Rotters' Club Jonathan Coe, 2008-05-28 Jonathan Coe's widely acclaimed novel is set in the 1970s against a distant backdrop of strikes, terrorist attacks and growing racial tension. A group of young friends inherit the editorship of their school magazine and begin to put their own distinctive spin onto events in the wider world. A zestful comedy of personal and social upheaval, *The Rotters Club* captures a fateful moment in British politics, the collapse of Old Labour and imagines its impact on the topsy-turvy world of the bemused teenager, a world in which a lost pair of swimming trunks can be just as devastating as an IRA bomb.

[Power in Politics and Academia in Jonathan Coe's Novels](#) Denisa Dumitrascu, 2018-04-18 This book explores the intricate manifestations of contemporary power, its related ideology and the resistance and reaction to the dominant discourse in Jonathan Coe's political fiction, covering the dismantling of the British social democratic consensus, Thatcherism and Blairism up to the new ideology of Globalism. Beyond the predictable dichotomy of support/opposition to power, the book argues the modern individual seems to have found another ontological approach for which it coins the concept of intentional unpower. Furthermore, it demonstrates that there are three possibilities regarding the evolution of this type of social response and invites the readers to discover them while enjoying Coe's subtlety and humour. Given its broad approach, the book will appeal to researchers in a wide range of domains, including literary and cultural studies, political theory and sociology, as well as any reader fascinated with the essence of power, intellectual response and discourses containing their own elements of subversion.

[The Closed Circle](#) Jonathan Coe, 2004 Set against the backdrop of the Millennium celebrations and Britain's increasingly compromised role in America's war against terrorism, *The Closed Circle* lifts the lid on an era in which politics and presentation ideology and the media have become virtually indistinguishable. Darkly comic, hugely engaging and compulsively readable, it is the much anticipated follow-up to Jonathan Coe's bestselling novel *The Rotters Club* and reintroduces us to the characters first encountered in that book. But whereas *The Rotters Club* was a novel of innocence, *The Closed Circle* is its opposite: a novel of experience.

[Literary Second Cities](#) Jason Finch, Lieven Ameel, Markku Salmela, 2017-11-22 This book brings together geographers and literary scholars in a series of engagements near the boundaries of their disciplines. In urban studies, disproportionate attention has been given to a small set of privileged first cities. This volume problematizes the dominance of such alpha cities, offering a wide perspective on second cities and their literature. The volume is divided into three themed sections. In *The Shadow of the Alpha City*, it problematizes the image of cities defined by their function and size, bringing out the contradictions and contestations inherent in cultural productions of second cities, including Birmingham and Bristol in the UK, Las Vegas in the USA and Tartu in Estonia. *Frontier Second Cities* pays attention to the multiple and trans-national pasts of second cities which occupy border zones, with a focus on Narva in Estonia and Turkish/Kurdish Diyarbakir. The final section, *The Diffuse Second City*, examines networks, the diffuse secondary city made up of interlinked small cities, suburban sprawl and urban overspill, with literary
