Werewolves, Wolves and the Gothic, 2017-09-15 *Wolves* lope across Gothic imagination Signs of a pure animality opposed to humanity in the figure of the werewolf they become liminal creatures that move between the human and the animal *Werewolves* function as a site for exploring complex anxieties of difference of gender class race space nation or sexuality but the imaginative and ideological uses of wolves also reflect back on the lives of material animals long persecuted in their declining habitats across the world *Werewolves* therefore raise unsettling questions about the intersection of the real and the imaginary the instability of human identities and the worldliness and political weight of the Gothic This is the first volume concerned with the appearance of werewolves and wolves in literary and cultural texts from the mid nineteenth century to the present Drawing on representations of

werewolves and wolves in literature film television and visual culture the essays investigate the key texts of the lycanthropic canon alongside lesser known works from the 1890s to the present The result is an innovative study that is both theoretically aware and historically nuanced featuring an international list of established and emerging scholars based in Britain Europe North America and Australia

The Paranormal Kenneth Partridge, 2009 Surveys various supernatural phenomena from ghosts and extra sensory perception ESP to UFOs and cryptozoology examining whether they have any scientific validity and why people find them so fascinating Chapter headings include Why We Believe America's Haunted Army Is There Anybody Out There and The Myth Hunters

The British National Bibliography Arthur James Wells, 2007

Man Writes Dog William Farina, 2014-04-02 Over the millennia many great writers from Pliny and Plutarch to C S Lewis and John Steinbeck have addressed diverse canine themes in their work usually in a broader human context Late in the 20th century it was conclusively established by modern science that all dogs without exception are descended from wolves Viewed through the dynamic lens of this new model the constantly evolving relationship between humankind and canines both wild and domesticated appears more complex and intertwined than ever before This survey reviews what 20 selected authors from the Western tradition have had to say on the same subject matter leading up to our present times
