## **The First World:**

Causes and Consequences of the First World War Stewart Ross,2003 Examines the backdrop of rivalry among world powers the events that immediately preceded the first World War the effects of the war itself and its long term consequences Suggested level secondary

**Canadian Churches and the First World War** Gordon L. Heath,2014-01-13 Most accounts of Canada and the First World War either ignore or merely mention in passing the churches experience Such neglect does not do justice to the remarkable influence of the wartime churches nor to the religious identity of the young Dominion The churches support for the war was often wholehearted but just as often nuanced and critical shaped by either the classic just war paradigm or pacifism s outright rejection of violence The war heightened issues of Canadianization attitudes to violence and ministry to the bereaved and the disillusioned It also exacerbated ethnic tensions within and between denominations and challenged notions of national and imperial identity The authors of this volume provide a detailed summary of various Christian traditions and the war both synthesizing and furthering previous research In addition to examining the experience of Roman Catholics English and French speaking Anglicans Presbyterians Methodists Baptists Lutherans Mennonites and Quakers there are chapters on precedents formed during the South African War the work of military chaplains and the roles of church women on the home front

**The British Empire and the First World War** Ashley Jackson,2017-06-26 The British Empire played a crucial part in the First World War supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions In turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops This collection offers a comprehensive selection of essays illuminating the extent of the Empire s war contribution and experience and the richness of scholarly research on the subject Whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire the war had a profound impact on the colonies and their people The chapters in this volume were originally published in Australian Historical Studies The Journal of Imperial and Commonwealth History First World War Studies or The Round Table The Commonwealth Journal of International Affairs

British 'Spy Fever' in the First World War Harry Richards,2025-08-21 An exploration of how spy fever supposedly gripped the British nation during the First World War

**Handbook on Migration and Human Rights** Ruth Rubio Marín,Dorothy Estrada-Tanck,Benedita Menezes Queiroz,Fulvia Staiano,2025-09-10 This Research Handbook examines the complex issues faced by migrants and refugees in securing their human rights By challenging and reformulating the crisis narrative often perpetuated by states and international organizations it provides a gendered cutting edge in depth investigation of key themes central to the human rights implications of migration

*Economic History of Warfare and State Formation* Jari Eloranta,Eric Golson,Andrei Markevich,Nikolaus Wolf,2016-09-19 This edited volume represents the latest research on intersections of war state formation and political economy i e how

conflicts have affected short and long run development of economies and the formation or destruction of states and their political economies The contributors come from different fields of social and human sciences all featuring an interdisciplinary approach to the study of societal development The types of big issues analyzed in this volume include the formation of European and non European states in the early modern and modern period the emergence of various forms of states and eventually modern democracies with extensive welfare states the violent upheavals that influenced these processes the persistence of dictatorships and non democratic forms of government and the arrival of total war and its consequences especially in the context of twentieth century world wars One of the key themes is the dichotomy between democracies and dictatorships namely what were the origins of their emergence and evolution why did some revolutions succeed and other fail and why did democracies on the whole emerge victorious in the twentieth century age of total wars The contributions in this book are written with academic and non academic audiences in mind and both will find the broad themes discussed in this volume intuitive and useful

**An Illustrated and Popular Story of the World's First Parliament of Religions ...** ,1893 **A Library of the World's Best Literature** Charles Dudley Warner,Hamilton Wright Mabie,Charles Henry Warner,Lucia Isabella Gilbert Runkle,George H. Warner,1897 **Issues of Governance, Security, and Development in Contemporary Africa** Mohamed Saliou Camara,Alem Hailu,Sabella O. Abidde,2023-12-15

Governance security and development are three critical components of a dialectical nexus that is both dominant and determinant for any objective and fruitful quest for the understanding of the trajectory of a country a region or in the case of Africa a continent from a colonial past to a neocolonial and meta colonial present and toward a future of strategic optimal independence and self reliance That colonial past and the ensuing neocolonial and meta colonial present have made these critical components and the dialectical nexus that they form particularly challenging for the African continent For this reason *Issues of Governance Security and Development in Contemporary Africa* offers an in depth interdisciplinary analysis of the challenges that contemporary Africa faces within these critical areas as well as the resources and prospects that the continent possesses and can leverage to overcome the said challenges Using case studies involving a range of countries across the continent Mohamed Saliou Camara Alem Hailu and Sabella O Abidde argue that Africa needs to decolonize the terms of reference that guide its nation building statecraft and national development agenda in ways that will facilitate the establishment of viable systems of governance and security and the promotion of genuine development
