**Pluriversal Literacies for Sustainable Futures** Mia Perry, 2023-07-28 This book presents a new vision of literacy that frames meaning making and communication in relation to individual collective and ecological needs Building on the concept of the pluriversal Perry explores how literacy education can support multiple ways of being and becoming In so doing Perry rejects limiting and skills focused definitions of literacy and instead embraces a more profound conceptualisation that reflects the boundless potential of literacy practices Bringing together research from the Global North and South Perry connects literacy education with semiotics philosophy sustainability studies and geopolitics to argue for the urgency of a pluriversal model of literacy that combats a normative neo colonial understanding of reading and writing Offering a unique contribution to the field of literacy studies this book demonstrates how literacy is a semiotic process and literacy practices can connect learner needs with pathways to social ecological and cultural sustainability With Perry as a guide this illuminating book invites readers to join the journey into literacies beyond words to arrive at a more holistic and inclusive understanding of what literacy practices are and can be

**The Learning and Teaching of Phonological Decoding in Chinese EFL Children** Keren Hua, 2024-08-30 This book presents the learning and teaching of phonological decoding in Chinese EFL primary classrooms The phonological decoding ability of the children is described interpreted and evaluated the teaching materials are analyzed and the classroom instruction observed and the links between these various facets are explored using both quantitative and qualitative techniques textbook analysis classroom observations interviews with teachers and a textbook writer reading test and nonword reading test This book provides insights into Chinese children s phonological decoding profile including performance in decoding different types of orthographic units the strategies children at different levels of reading ability use to sound out vowel graphemes and their decoding ability in relation to reading ability The investigation of the teaching practices reveals how the decoding instruction is designed developed and delivered to the children and thereby informs the interplay between the classroom instruction and children s development of phonological decoding skills

Resources in Education ,2000-04    Global Literacy ,1999    The Use of Children's Literature in Teaching Alyson Simpson, 2016-03-22 The Use of Children s Literature in Teaching reveals the impact of politics professional guidelines and restrictive measurements of literacy on the emerging identities of young teachers It places renewed emphasis on the importance of creative teaching with children s literature for the empowerment of teacher agency to enhance the learning of their students Framing the debate alongside the issue of teacher autonomy Simpson describes results from a two year study which brings together information from interviews surveys document analysis and digital stories from Australia Canada the UK and the US to assess the role of children s literature in pre service teacher education Through cross cultural comparison this research captures the different levels of connection between politics education systems higher education and pre service teachers It exposes how politics narrow views of professionalism and program structures in teacher education

may adversely affect the development of pre service teachers This book presents a strong case that reading and responding critically to literary texts leads to better educational outcomes than basic decoding and low level comprehension training As such this book will be of great interest to researchers and scholars working in the areas of teacher education and literacy and primary education It should also be essential reading for teacher educators and policymakers
