**The Readers' Advisory Guide to Genre Fiction** Joyce G. Saricks, 2009 This revised edition provides a way of understanding the vast universe of genre fiction in an easy to use format Expert readers advisor Joyce Saricks offers groundbreaking reconsideration of the connections among genres Thinking about Movies Peter Lehman, William Luhr, 2018-10-30 A complete introduction to analyzing and enjoying a wide variety of movies for film students and movie lovers alike Thinking About Movies Watching Questioning Enjoying Fourth Edition is a thorough overview of movie analysis designed to enlighten both students and enthusiasts and heighten their enjoyment of films Readers will delve into the process of thinking about movies critically and analytically and find how doing so can greatly enhance the pleasure of watching movies Divided roughly into two parts the book addresses film studies within the context of the dynamics of cinema before moving on to a broader analysis of the relationship of films to the larger social cultural and industrial issues informing them This updated fourth edition includes an entirely new section devoted to a complete analysis of the film adaptation of The Girl with the Dragon Tattoo along with many in depth discussions of important films such as Citizen Kane and Silence of the Lambs The chapter on television integrates a major expansion distinguishing between television in the digital era of the convergence of the entertainment and technology industries in comparison to the era of broadcast analogue television The final chapter places film within the current context of digital culture globalization and the powerful rise of China in film production and exhibition The authors clearly present various methodologies for analyzing movies and illustrate them with detailed examples and images from a wide range of films from cult classics to big budget award winning movies This helps viewers see new things in movies and also better understand and explain why they like some better than others Thinking About Movies Watching Questioning Enjoying Fourth Edition is ideal for film students immersed in the study of this important contemporary medium and art form as well as students and readers who have never taken a class on cinema before A Companion to Romance Corinne Saunders, 2008-04-15 Romance is a varied and fluid literary genre notoriously difficult to define This groundbreaking Companion surveys the many permutations of romance throughout the ages Considers the literary and historical development of the romance genre from its classical origins to the present day Incorporates discussion of the changing readership of romance and of romance's special relation to women readers Comprises 30 essays written by leading authorities on different periods and sub genres Challenges the idea that the appeal of romance is exclusively escapist Draws on a wide range of specific and influential literary examples Historical Dictionary of Film Noir Andrew Spicer, 2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a

production category and therefore its existence and features cannot be established through reference to trade documents

The Historical Dictionary of Film Noir is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e g amnesiac noirs the representation of the city and gender other forms comics graphic novels television and videogames and noir s presence in world cinema It is an essential reference work for all those interested in this important cultural phenomenon
