Testing In Counseling Practice:

Testing in Counseling Practice, 1990 Testing and Assessment in Counseling Practice C. Edward Watkins, Vicki Lynn Campbell, 2000 The primary purpose of this revision remains identical to that of the first edition to show how key personality cognitive behavioral and vocational tests assessment procedures can be used by counselors in their work with clients Too often assessment books only provide the reader with information about tests and assessment procedures They do not however take the next step showing readers how these tests assessment procedures can be used and integrated into the actual work of counseling This revision is designed to fill that void Chapter authors all of whom are experts in their respective topic areas share the theoretical and research backgrounds about a particular test assessment procedure and then provide a case example or examples to show how assessment data can be meaningfully incorporated into the counseling process

Testing in Counseling Practice C. Edward Watkins (Jr.), 1990 Because testing has long been regarded as an important role for counselors they traditionally have provided a variety of testing services including personality vocational intellectual and aptitude testing A major purpose of this book is to show how these kinds of tests can be used to augment and facilitate the counseling process Testing in Counseling Practice provides current information about various tests and assessment methods such as historical foundations and conceptual background measurement properties administration and interpretation implementation and future research directions The book is divided into three sections personality assessment vocational assessment and contemporary issues and innovations Each chapter is written either by the person who developed and originated the test assessment method or by the person who is regarded as the major interpreter of it Case examples showing how various test assessment methods can be used in counseling practice are also included
