Testing Of Luther Albright A Novel:

The Testing of Luther Albright MacKenzie Scott, 2009-10-13 A sophisticated novel that breaks and swells the heart A sure footed excavation into the nuances of everyday terror the kind that turns devotion into despair trust into treachery love into loss Its pull is irresistible Toni Morrison winner of the Nobel Prize for Literature and author of *Song of Solomon* Quietly absorbing the slow pileup of events takes on unexpected if mild urgency wholly original and convincing New York Times Book Review Luther Albright is a builder of dams a man whose greatest pride besides his family is running his hands over the true planes of the house he built himself and knowing that he s constructed something that will shield and shelter them from harm A relatively minor incident an earthquake that shakes his Sacramento home reveals fault lines and cracks in the facade of his family His teenage son s behavior becomes increasingly bizarre and threatening his devoted wife more distant and then a dam of Luther s design comes under investigation for structural flaws exposed by the tremors In the midst of his heartbreaking family dissolution Luther must battle against the need to withhold his emotions and push his family even farther away Nightmarish meanings begin to shout at Luther from the most innocent of places as debut novelist MacKenzie Scott tightens her net of psychological suspense around the reader with bravura skill In the spirit of Rosellen Brown and Alice McDermott this is a harrowing portrait of an ordinary man who finds himself tested and strives not to be found wanting

National Book Critics Circle Award Finalist, Best Book of Fall, *Esquire*, and a Most Anticipated Book of 2021, Lit Hub. What Has Happened to Fiction in the Age of Platform Capitalism? Since it was first launched in 1994, Amazon has changed the world of literature. The Everything Store has not just transformed how we buy books; it has affected what we buy and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing *per se* than with the manner of its distribution. This consumerist logic, if you like this, you might also like, has reorganized the fiction universe so that literary prize winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon's platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm, rivaling in the depths of its effects any major cultural shift in history. Here, all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of *Adult Baby Diaper Lover*, erotica. *Everything and Less* is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and present, that opens up
