Science Fiction Cinema Today Kathleen Fernandez-Vander Kaay, Chris Vander Kaay, 2018-02-13 Much of 20th century science fiction foretold technological and social developments beyond the year 2000 Since then a key theme has been what happens when the future no one anticipated arrives faster than anyone expected Focusing on 21st century independent science fiction films the author describes a seismic shift in subject matter as society moves into a new technological age Independent films since the millennium are more daring incisive and even plausible in their depiction of possible futures than blockbuster films of the same period Twenty one chapters break down today s subgenres featuring interviews with the filmmakers who created them **Science Fiction, Fantasy, and Politics** Dan Hassler-Forest, 2016-07-21 From Tolkien to Star Trek from Game of Thrones to Battlestar Galactica and from The Walking Dead to Janelle Mon e s Afrofuturist concept albums transmedia world building offers us complex and immersive environments beyond capitalism This book examines the ways in which these popular storyworlds offer tools for anticapitalist theory and practice Building on Hardt and Negri s theory of global capitalism Science Fiction Fantasy and Politics shows how transmedia world building has the potential of offering more than a momentary escape from capitalist realism in the age of media convergence and participatory culture The book features eight fantastic storyworlds that offer vivid illustrations of global capitalism s contradictory logic Approaching transmedia world building both as a cultural form and as a political economy it demonstrates the limitations inherent in fandom and fan culture which is increasingly absorbed as a form of immaterial labor But at the same time the book also explores the productive ways in which fantastic storyworlds contain a radical energy that can give us new ways of thinking about politics popular culture and anticapitalism **Wastelands** John Joseph Adams, 2013-06-13 An anthology of post apocalyptic short fiction from some of the biggest names in science fiction and speculative fiction including Stephen King George R R Martin and Orson Scott Card Famine Death War and Pestilence The Four Horsemen of the Apocalypse the harbingers of Armageddon these are our guides through the Wastelands From the Book of Revelations to The Road Warrior
