Subject Guide to Forthcoming Books ,1983 Presents by subject the same titles that are listed by author and title in Forthcoming books **Captive** Donalda J. Reid,2007 *The Trauma Survivor's Guide to Healing* Travis Jessop,2020-05-14 I understand the magnitude of damage left behind in the aftermath of trauma Not only through my years of coaching trauma survivors but because I too am a survivor of unimaginable trauma A few years ago I watched my 3 year old son die in an auto accident just days after losing my Dad to cancer Shortly after losing my son I found myself homeless and beyond broke I desperately needed help from somebody who not only understood trauma but had survived and HEALED after experiencing

trauma I needed help and I didn't know where else to turn. So I began weekly therapy sessions. After thousands of dollars and many years of meeting with different counselors, I was diagnosed with PTSD. The diagnosis was great at least now I had a name for the beast in my head, but I was still not feeling the peace I was desperately seeking. So I began my quest to heal from PTSD on my own so I could get control over my mind and emotions and create a new life for myself. My life after trauma. I know from personal experience that trauma can destroy everything you value. It can leave you broke mentally, financially, and spiritually. It destroys friendships and relationships. The very things you once placed so much value on no longer matter. After years of studying trauma and PTSD, I began to coach other trauma survivors, and I discovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place. I made a promise to myself that when I had healed from trauma, that I would help others heal from their traumas, so I created a simple step-by-step guide in the pages of this short book called *The Trauma Survivor's Guide To Healing*. **A Practice Beyond Cultural Humility** Claudia Grauf-Grounds, Tina Sellers, Scott A. Edwards, Hee-Sun Cheon, Don Macdonald, Shawn Whitney, Peter Rivera, 2020-02-27. *A Practice Beyond Cultural Humility* offers specific guidance to support students and practitioners in providing on-going culturally attuned professional care. The book introduces a multicultural diversity training model named the ORCA Stance, an intentional practice which brings together four core components: Openness, Respect, Curiosity, and Accountability. Drawing from an array of influences, it showcases work with common clinical populations in a variety of contexts, from private practice to international organizations. Each clinical chapter offers a brief review of information relevant to the population discussed, followed by a case study using the ORCA Stance and a summary of recommended best practices. In each case, the practice of the ORCA Stance is shown to allow relationships to become more culturally sensitive and therefore more effective. *A Practice Beyond Cultural Humility* provides practical examples, research, and wisdom that can be applied in day-to-day clinical work and will be valuable reading for a wide range of mental health students and clinicians who seek to continue their professional development.
