Demonizing The West Mohsin Shawkat,2024-07-16 This Book The image of the West in contemporary Arab culture is distorted and devoid of friendliness because those who painted this image lacked free and independent thinking away from dogma or the influence of the old dominant powers in the Arab region It is difficult to separate anti west and anti Jews Hence Jews occupy a large portion of this book since it is the easiest and quickest way to demonize the West The book reviews the most prominent names that contributed to Demonizing the West within the Arab East over an entire century The list includes the names of writers poets translators singers and actors in theatre and cinema They reflect the level of thinking of the broad masses to this day One thing in common among these names is that they all conform and strengthen what already exists They reflect the level of thinking of the broad masses There is no one among them who thinks alone If one of them wants to say

something he waits to hear it from millions before him Here lie the biggest challenges facing Arab culture The book discusses a large number of anti West Jews and Arab rulers texts Furthermore the book discusses films songs and television series The book includes seven studies on the challenges facing Arab culture
