Staking His Claim:

Staking His Claim Tessa Bailey, 2014-02-03 NYPD sniper Matt Donovan is in Hell Instead of driving his best friend's little sister home he's been convinced to offer her roommate a lift a fresh faced ray of sunshine with a body that makes grown men weep There's no way he'll allow himself to be tempted by the little vixen no matter how hard she tries to tempt him so he resigns himself to the longest and hardest drive of his life Lucy Mason had no idea her brother's best friend was so deliciously hot Knowing he'd never have his wicked way with his buddy's sister she pretends to be her roommate All the better to seduce him But Matt's no fumbling college boy His desires run deep and dark and he wants to teach Lucy what wicked really means Matt's demanding appetites only make Lucy want more But when her cover's blown he's furious even as his hunger for her becomes insatiable Matt can't trust anyone least of all himself And he knows all too well that darkness always destroys the light Each book in the Line of Duty series is STANDALONE Protecting What's His Officer Off Limits Asking for Trouble Staking His Claim Protecting What's Theirs **To Stake a Claim** J. Andrew Kirk, Kevin J Vanhoozer, 2021-04-16 An original international collaboration To Stake a Claim researches the relationship between what counted for knowledge in the West how this knowledge has changed over the years and how those changes related to the mission of the church as an evangelizer within Western culture Examining four key areas of study To Stake a Claim evaluates the dominant positions in contemporary philosophy regarding truth rationality and pluralism It first analyzes consequences for humanity that holding these positions implies Next it looks at faith religion and revelation in the context of the dominant positions of contemporary philosophy discussed in the first part The third part explores the dominant positions of contemporary theology Finally it summarizes the epistemological problems involved in the process of communicating the gospel within Western culture and evaluates the theological and missiological views of this communication **Civilization and Its Enemies** Lee Harris, 2004-03-11 Forgetfulness occurs when those who have been long inured to civilized order can no longer remember a time in which they had to wonder whether their crops would grow to maturity without being stolen or their children sold into slavery by a victorious foe They forget that in time of danger in the face of the enemy they must trust and confide in each other or perish They forget in short that there has ever been a category of human experience called the enemy That before 9 11 was what had happened to us The very concept of the enemy had been banished from our moral and political vocabulary An enemy was just a friend we hadn't done enough for yet Or perhaps there had been a misunderstanding or an oversight on our part something that we could correct Our first task is therefore to try to grasp what the concept of the enemy really means The enemy is someone who is willing to die in order to kill you And while it is true that the enemy always hates us for a reason it is his reason and not ours So begins Civilization and Its Enemies an extraordinary tour de force by America's reigning philosopher of 9 11 Lee Harris What Francis Fukuyama did for the end of the Cold War Lee Harris has now done for the next great conflict the war between the civilized world and the international terrorists who

wish to destroy it Each major turning point in our history has produced one great thinker who has been able to step back from petty disagreements and see the bigger picture and Lee Harris has emerged as that man for our time He is the one who has helped make sense of the terrorists fantasies and who forces us most strongly to confront the fact that our enemy for the first time in centuries refuses to play by any of our rules or to think in any of our categories We are all naturally reluctant to face a true enemy Most of us cannot give up the myth that tolerance is the greatest of virtues and that we can somehow convert the enemy to our beliefs Yet as Harris s brilliant tour through the stages of civilization demonstrates from Sparta to the French Revolution to the present civilization depends upon brute force properly wielded by a sovereign Today only America can play the role of sovereign on the world stage by the use of force when necessary Lee Harris s articles have been hailed by thinkers from across the spectrum His message is an enduring one that will change the way readers think about the war with Iraq about terrorism and about our future

politics boosting America's ascent as the preeminent global power giving shape to modern evangelical Christianity fueling the rise of the Republican Right and setting the terms for today's political and environmental debates Ranging from the Civil War to the present from West Texas to Saudi Arabia to the Alberta Tar Sands and from oil patch boomtowns to the White House this is a sweeping magisterial book that transforms how we understand our nation's history Mining Law for the Prospector, Miner, and Engineer H.
