Anointed Toby Stuart,2025-09-02 A leading organizational theorist takes us deep into the realm of humanity s most powerful invisible force social status and how it shapes everything from who we trust and what we value to which ideas and innovations change the world and who gets credit for their success Why does an authentic Rembrandt fetch hundreds of millions while a nearly identical painting by his most talented disciple goes for a tiny fraction of that price What makes a restaurant hot a neighborhood up and coming or a technology the next big thing Why do people often choose the same seats in recurrent office meetings Who is most likely to interrupt someone else mid sentence Why do big name lawyers earn so much Why are health disparities so pronounced And why when someone gets a bit ahead in life does the small advantage so often compound The answer to all these questions is social status invisible hierarchies that influence every

aspect of our lives from our health to our personal relationships and careers to how we behave in social and work settings to the tastes and preferences we form Without it we'd be lost and paralyzed when faced with even the simplest decisions But it comes at a steep cost status works as a powerful amplifier turning small initial advantages into insurmountable leads Inequality is baked into its core Through compelling examples from business economics literature art fashion and beyond Anointed demonstrates how status cascades through society creating winners and losers in ways that often have little to do with merit And how new technology offers a glimpse of a more equitable future *My Friends* Fredrik Backman, 2025-06-19
