before the Commercial Revolution transformed into Protestant theologians fighting against the prevailing view of a pro wealth paradigm during the fifteenth century Worden contends that the shift away from the Patristic view of wealth occurred well before the addition of the Calvinist spirit of capitalism and the Puritan work ethic into Christian economic vernacular Drawing on Plato Cicero and Augustine early Protestant theologians unsuccessfully sought to check the rising dominance of the pro wealth Christian paradigm which they believed had been pushed too far These theologians of the sixteenth and seventeenth century felt it was too close to advocating love of gain itself something too close to the sin of greed How well the Reformation succeeded can be assessed by Worden s insightful concluding study of John D Rockefeller the ascetic steward of God s Gold in the form of monopoly
