symposium from all over the world and shared their expertise in this rapidly expanding interdisciplinary area. The world's politics and economics have changed dramatically during the course of the last few years. These changes have also had a great effect on the general awareness of people. This is especially true in the Soviet Union, the East Block nations and several Asian countries. In this age of change, the organization and management issues addressed by the papers in this book are the objects of renovation in these countries. The changes are directed away from the whole towards the individual. Some of them are reflected in this volume.

Indoor Pollution Steve Coffel, Karyn Feiden, 1991. We all know there are health hazards in the air outside but this powerful new book warns that we aren't safe within our homes or offices either. The most comprehensive work available on this pressing issue covers publicized pollutants like asbestos, radon and cigarette smoke as well as the secret contaminants in our heating, electrical and plumbing systems.
