Sisters and Ghost Daughters Cathy Yue Wang, 2023-08-29 Politics and paradigm shifts underlying contemporary retellings of fantastic traditional Chinese tales Contemporary Chinese film and literature often draw on time honored fantastical texts and tales which were founded in the milieu of patriarchy parental authority heteronormativity nationalism and anthropocentrism Author Cathy Yue Wang examines the processes by which modern authors and filmmakers reshape these traditional tales to develop new narratives that interrogate the ingrained patriarchal paradigm Through a rigorous analysis Wang delineates changes in both content and narrative that allow contemporary interpretations to reimagine the gender politics and contexts of the tales retold With a broad transmedia approach and a nuanced understanding of intertextuality this work contributes to the ongoing negotiation in academic and popular discourse between past and present traditional and contemporary and text and reality in a globalized and postmodern world *Sisters and Ghost Daughters* offers an engaging interdisciplinary investigation of issues at the heart of these traditional tales such as gender and status hierarchy marriage and family life and in group out group distinction Beyond the content of these individual stories Wang ties these narratives together across time using cognitive literary criticism especially affective narratology to shed new light on the adaptation of literary and cultural texts and their sociopolitical contexts

Whose Story? Maria González Davies, Riitta Oittinen, 2008 This book is based on the discussions carried out in two seminars on the translation of children TM s literature coordinated by Maria González Davies and led by Riitta Oittinen The main focus finally revolved around four questions a Tackling the challenges posed by translating children TM s literature both picturebooks and books with illustrations and the range of strategies available to solve specific issues b the special characteristics involved in reading aloud its emotional dimension and the sphere it occupies between private and public reading c the interpretation and manipulation of child images and d the role of the translator publishers and mediators as active or passive agents whose decisions may finally mirror the images projected by the authors of the source books This volume is also professionally oriented and presents examples that underline the interaction between theory and practice The topics range from Bible translation to translating the classics such as Beatrix Potter TM s tales and fairytales fantasy worlds for young adults as depicted in Tolkien TM s *The Lord of the Rings* or novels such as those by Christine N stlinger as well as stories with a psychological and social function such as the African war tales Finally it includes didactic applications that help enhance an awareness of the issues involved

Current Index to Journals in Education ,2002 *Fairy Tales Reimagined* Susan Redington Bobby, 2014-01-10 Although readers and filmgoers are strongly familiar with Disney s sanitized child centric fairy tales they are quick to catch on to reworkings of classic tales into a contemporary context The rise in such retellings seems to indicate that readers are hungry for a new narrative one that hearkens back to the old yet moves the storyline forward to reflect conditions of the modern world No mere escapist fantasies the reimagined fairy tales of the late 20th and early 21st centuries reflect social political and cultural truths Sixteen essays consider fairy tales recreated through short stories novels

poetry and the graphic novel from both best selling and lesser known writers applying a variety of perspectives including postmodernism psychoanalysis Marxism feminism queer theory and gender studies Along with the classic fairy tales fiction from writers such as Neil Gaiman Stardust and Gregory Macquire Wicked is covered

Literacy Development in the Early Years Lesley Mandel Morrow,1997 A discussion of literacy development from birth to the primary school The book embraces an integrated language arts perspective and an interdisciplinary approach to literacy development as it addresses developing writing reading and oral language in the home and at school

Tales for Fairies Alba Morollón Díaz-Faes,2026-01-13 A groundbreaking exploration of how classic fairy tales have been transformed to illuminate and celebrate queer identities This scholarly account provides a trailblazing examination of how contemporary authors artists and creators have reclaimed the fairy tale for queer audiences Alba Moroll n D az Faes examines the queer threads in classic fairy tales like those in the works of Giambattista Basile the Brothers Grimm and Marie Catherine d Aulnoy while tracing how queer communities have reshaped these stories to reflect changing social and political realities from the 1990s to the present This comprehensive study historicizes three periods of queer transformation of the fairy tale the first wave of fairy tale publications for a predominantly gay male readership in the 1990s a second wave in the 2000s that navigated queer politics through nuanced tales of monstrosity and heroism and a third wave in the 2010s of online queer communities circulating creative contestations to Disney s fairy tales With case studies from film to text to social media D az Faes demonstrates how the inherent fluidity in fairy tales allows for the amplification of queer voices and experiences Ultimately Tales for Fairies not only reveals the long standing compatibility between queerness and the fairy tale but also charts an evolving landscape where imagination activism and retelling intersect to create a vibrant tradition of queer enchantment
