## Readers Choice Romantasy Saga:

The Series Blueprint Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner by Book Three. *The Series Blueprint* is your long-range guide to building a series that actually works from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer: planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to design a series with a clear destination before plot drift takes over; choose the right series structure for your genre, audience, and goals; build book-level arcs that serve a bigger long-form story; decide between saga, episodic, or hybrid models with confidence; track character growth, worldbuilding, and continuity without overwhelm; balance creativity with strategy without killing your spark; finish a series feeling proud instead of burned out. Whether you're planning your first series, halfway through a tangled one, or staring at a world that no longer makes sense, *The Series Blueprint* meets you where you are. Because a series isn't just multiple books. It's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.

Audio Erotica Athena Bellas, Jodi McAlister, 2026-03-31 Audio erotica is sexually explicit audio-only content designed to arouse the listener and bring them fulfillment. While it has existed for a long time, it has achieved significant popularity in recent years, driven by apps like Quinn Dipsea Emjoy and Ferly. Notably, these apps and many like them were founded by women and are predominantly targeted to female audiences, making audio erotica a fascinating form of porn for women. *Audio Erotica* focuses on these four apps as the contemporary face of audio erotica. Through textual and paratextual analysis, it offers an overview of the types and genres of erotic content available on the apps. It situates audio erotica in histories and lineages of both pornography and erotica, and feminist thought about them and audio media. Moreover, it situates audio erotica in the context of several key discourses, such as wellness, authenticity, and intimacy, as it analyses the ways in which the apps imagine their female listener and what she wants from sexually explicit media, which is importantly different from what men are imagined as wanting from pornography. This is the first book-length study of audio erotica, making it a foundational resource for anyone doing research in the area. It offers a multifaceted understanding of the form and makes several key contributions to studies of sexually explicit media directed towards women and discourses around female sexual desire.
