Walk In Shadows:

A Walk In The Shadows Mike Ricksecker, 2020-01-21 Shadow people are some of the most mysterious entities in the known universe and Mike Ricksecker has experienced many starting with a tall dark humanoid figure that appeared in his room as a child While examining who or what these dark beings may actually be and sharing the ominous experiences of several others Ricksecker recounts his interactions with shadows which also include a black mass that formed in a bedroom where a girl had seen an entity with red eyes a crawler that crept its way around an abandoned desecrated church and many more *A Walk In The Shadows* addresses these tantalizing questions What are the different types of shadow people and their characteristics What is the relationship between shadow people and sleep paralysis Are shadow entities interdimensional beings or perhaps players in a simulated universe Are shadow people evil or have they been miscast as the darkest of the dark in the supernatural realm Are some shadow people actually extraterrestrials What does a renowned demonologist with nearly 50 years of experience have to say about shadow entities *A Walk In The Shadows* explores the secrets of the dark while unveiling an enigmatic world feared by many and misunderstood by most *Walking Shadows* Ib Johansen, 2015-08-25 *Walking Shadows* focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant **Walking Shadows, Sea Tales and Others** Alfred Noyes, 2022-07-15 Excerpt The position of a light house keeper in a sea infested by submarines is a peculiar one but Peter Ramsay keeper of the Hatchets Light had reasons for feeling that his lonely tower six miles from the mainland was the happiest habitation in the world At five o'clock on a gusty October afternoon of the year 1916 Peter had just finished his tea and settled down with a pipe and the last number of the British Weekly for five minutes reading before he turned to the secret of his happiness again Precisely at this moment the Commander of the U 99 three miles away to the north after making sure through his periscope that there were no patrol boats in the vicinity rose to the surface and began to look for the Hatchets He too had reasons for wishing to get inside the light house if only for half an hour It was possible only by trickery but he thought it might be done under cover of darkness and he was about to reconnoiter When he first emerged

he had some difficulty in descrying his goal across that confused sea His eye was guided by a patch of foam larger than the ordinary run of white caps and glittering in the evening sun like a black thorn blossom As the sky brightened behind it he saw rising upright like the single slim pistil of those rough white petals the faint shaft of the light house itself **Where**
