Emotional Intelligence Toolkit Jim Grant,Susan David,2015-04-01 A practical guide book to enhance emotional intelligence skills This book provides the opportunity for you to reflect on how why when and where your

emotions interact with and contribute to or sabotage your thinking and behavior in all areas of your life. With increased understanding and the practical tools provided throughout this book you will be able to effectively target the areas you want to improve, further develop your areas of strength and help you achieve outcomes that are of value to you. The book guides you through each of the MSCEIT's four branches and eight tasks, gives further information about them and discusses the real-life implications and possibilities for improvement in these areas. It offers tips for greater effectiveness and development exercises to help you integrate and personalize the information for your circumstances. *Books Out Loud*, 2004

Forthcoming Books Rose Arny, 1999-08 **Emotional Intelligence 2.0** Theresa Williams, 2022-03-30 Why are so many people with high IQs and excellent academic achievements unsuccessful in life? Why do some people build social relationships with ease while others seem incapable of doing so? Have you ever found yourself in a situation where anxiety and fear overwhelm you to the point that you freeze up or are unable to make the right decision? The secret: EMOTIONAL INTELLIGENCE. In today's society it is believed that a person with great academic achievements and a high IQ has it easy and will certainly be successful in life. But in many cases getting good grades in college or having a high IQ is not strictly linked to success. Does this seem strange to you? Either way, this is the reality of things. Think about it: the vast majority of successful people didn't do so well in school. There is a type of intelligence that few know of, yet it is one of the most important for our well-being and that of others, and it is Emotional Intelligence (EI). With the methods explained in the book, you will be able to train and develop this type of intelligence, thus changing your life. You will finally understand how to relate to others in the best way possible by always making the wisest decisions in every area of your life without letting negative emotions take over. This book is for: Those who want to increase work productivity with a greater capacity for leadership; Those who want to reduce anxiety and stress, as well as the risk of suffering from disorders such as depression; Those who would like to know themselves better and make better decisions; Those who want to more fully enjoy their relationship as a couple and beyond; Those who want to use empathy to better understand others' moods; Those who want to improve social relations and control anger. And much, much more. Don't worry, it's not your usual academic textbook full of complex terms. This book will give you the right strategies in a simple and challenging way. If you want to discover the power of Emotional Intelligence and finally control your emotions, Get This Book NOW. **Emotional Intelligence Mastery** Eric Jordan, 2016-08-03 Become Emotionally Smarter with a Practical Approach. Emotional intelligence has been a buzzword in the personal growth industry and in high-level corporate recruitment strategies since 1995 when Daniel Goleman used the term for his book title and topic. As we would say today, his use of it went viral immediately in the world of business and mental health, in particular. Often abbreviated as EQ, emotional intelligence is the personal ability you have to recognize and label your own emotions and feelings and to use this information to steer your thinking and behavior in the desired direction. Whether you are looking to climb the career ladder with ease, thrive during social events, or simply feel more at peace with

yourself a well developed EQ is absolutely critical During the course of this book we will take a look at the current knowledge surrounding the subject as well as how you can vastly improve your own emotional intelligence with a series of simple practical exercises You will learn about How to observe and analyze your emotions at any given moment How to connect more easily with people and build strong and lasting relationships How your body reacts to your various emotional states How to release unwanted and potentially destructive emotions Thought traps and how to deal with them Mindfulness and its role in developing EQ How to improve your EQ in everyday environments How having a higher emotional intelligence will benefit your life And more
