The Marshall:

The Marshall Plan Today John Agnew, J. Nicholas Entrikin, 2004-06-24 This volume has as its focus the role of the Marshall Plan as both a force in the transformation of European Economic practices and a stimulus to political integration in Europe This organizing theme is framed in terms of two other issues that are central to contemporary debates in international political economy and geopolitical studies the origins and development of the Cold War and the growing globalisation of the world economy In relating the Marshall Plan to these issues this book goes beyond the typical diplomatic history approach to place the Plan in the context of both the political economy of late twentieth century Europe and the impact of American models of business and government that came with the Plan

The Marshall Mission to China, 1945-1947 Roger B. Jeans, 2011-08-28 This book breaks new ground in our understanding of a pivotal period in the history of American foreign policy the early Cold War and the struggle for dominance in China between the Nationalists and Communists The famous Marshall Mission to China has been the focus of intense scrutiny ever since General George C Marshall returned home in January 1947 and full scale civil war consumed China Yet until recently there was little new to add to the story of the failure to avert war between the Chinese Nationalists under Chiang Kai shek and the Chinese Communists led by Mao Zedong Drawing on a newly discovered insider s account Roger B Jeans makes an invaluable contribution to our understanding of Marshall s failed mediation effort and the roles played by key Chinese figures Working from the letters and diary of U S Army Colonel John Hart Caughey Jeans offers a fresh interpretation of the mission From beginning to end Caughey served as Marshall s executive officer in effect his right hand man assisting the general in his contacts with the Chinese and drafting key documents for him Through his writings Caughey provides a rare behind the scenes view of the general s mediation efforts as well as intimate glimpses of the major Chinese figures involved including Chiang Kai shek Madame Chiang and Zhou Enlai In addition to daily contact with Marshall Caughey often rubbed shoulders with these major Nationalist and Communist figures As a meticulous eyewitness to history in the making Caughey offers crucial insight into a key moment in post World War II history
