## **The Midlife Disaster:**

*Dirty Little Midlife Disaster* Lilian Monroe, 2024-02-20      *There is No Such Thing as a Natural Disaster* Gregory Squires, Chester Hartman, 2013-01-11

*There is No Such Thing as a Natural Disaster* is the first comprehensive critical book on the catastrophic impact of Hurricane Katrina on New Orleans. The disaster will go down on record as one of the worst in American history not least because of the government's inept and cavalier response. But it is also a huge story for other reasons: the impact of the hurricane was uneven and race and class were deeply implicated in the unevenness. Hartman and Squires assemble two dozen critical scholars and activists who present a multifaceted portrait of the social implications of the disaster. The book covers the response to the disaster and the roles that race and class played; its impact on housing and redevelopment; the historical context of urban disasters in America; and the future of economic development in the region. It offers strategic guidance for key actors: government agencies, financial institutions, neighbourhood organizations in efforts to rebuild shattered communities.

*Motherhood and Other Natural Disasters* Jan Blackburn, 2013-01-24

Jan Blackburn grew up watching Harriet Nelson June Cleaver and Marion Cunningham. These women who joyfully cleaned their houses in pantyhose and heels embodied the characteristics of the wife and mother. Jan believed she would become one day. Unfortunately somewhere along the line Jan thinks she may have been misinformed. Unlike her television heroines of the fifties she is perpetually late, constantly dieting and always busy; she cannot remember the last time she enjoyed a bubble bath. Luckily she is not alone. Apparently millions of parents never received a complimentary instruction manual with their little bundles of joy either. Covering a span of more than twenty years, Jan offers a humorous and sometimes poignant look at the joys and sorrows of parenting while comparing a simpler time with the realities of today's world. As she reveals her secret battles with culinary mishaps, dieting and parenting her children through changing times, Jan helps women realize that we are all in this together even as Momisms, school fundraisers and guts that leave an eighteen-hour girdle quaking in its Spandex begin to take over our lives. *Motherhood and Other Natural Disasters* shares one woman's journey through the mythical, magical mystery of motherhood, proving that none of us are alone as we navigate through the roller coaster ride called parenting.

**Ripening** Sharon Blackie, 2026-05-14

Fairy tales matter because at the heart of every one of them is transformation. In a world in which all the old certainties seem to be crumbling, it's hard not to feel we have lost our way. In *Ripening*, Sharon Blackie insists that fairy tales are precisely the stories we need for such times. Long before they became bywords for people-pleasing princesses, these old stories passed down to us through generations by our peasant ancestors told us everything that women need to learn about the world. They might be set in difficult and dangerous times, but they require their heroines to face the unfaceable and dig deep for previously unimagined inner resources. They teach us to be savvy, inspire us to grow in confidence, show us how to be bold and claim the future we dream of. More than anything, fairy tales are soul food. They show us how to take hold of our own personal narratives and transform them into stories that might

begin with trauma but end with empowerment They offer us images of startling resonance and beauty while showing us how to recognise and make use of the possibilities that rise to the surface when broken systems are cracked open
