Skiing Everyone:

Everyone to Skis! William D. Frank, 2013-10-31 Nowhere in the world was the sport of biathlon a combination of cross country skiing and rifle marksmanship taken more seriously than in the Soviet Union and no other nation garnered greater success at international venues From the introduction of modern biathlon in 1958 to the USSR's demise in 1991 athletes representing the Soviet Union won almost half of all possible medals awarded in world championship and Olympic competition Yet more than sheer technical skill created Soviet superiority in biathlon The sport embodied the Soviet Union's culture educational system and historical experience and provided the perfect ideological platform to promote the state's socialist viewpoint and military might imbuing the sport with a Cold War sensibility that transcended the government's primary quest for post war success at the Olympics William D Frank's book is the first comprehensive analysis of how the Soviet government interpreted the sport of skiing as a cultural ideological political and social tool throughout the course of seven decades In the beginning the Soviet Union owned biathlon and so the stories of both the state and the event are inseparable Through the author's unique perspective on biathlon as a former nationally ranked competitor and current professor of Soviet history *Everyone to Skis* will appeal to students and scholars of Russian and Soviet history as well as to general readers with an interest in skiing and the development of twentieth century sport *Skiing--everyone* Jim

Skiing, 1981-11 **Everyone's Trash** Duncan Watson, 2024-11-15 Each day every single person in the United States all 324 million discards about five pounds of waste Be it a bottle that gets placed in a recycling bin or a piece of paper crumpled and tossed into the waste bin every bit of the daily 1.6 billion pounds cast off has a story This book is full of those stories It will wake you up and give you hope As the author Duncan Watson says More people in America recycle than vote Recycling is more popular than Democracy Watson has been running the City of Keene's solid waste program for 33 years He has brought nation attention to the program for solid waste disposal that Keene NH has built He spins a good yarn and the rich characters who populate the dump in Keene New Hampshire provide endless entertainment and a lot of laughs He is also a yoga teacher dog lover and he visits Comic Cons all over the country as he was a voice actor of Charlie Brown in three movies in his youth Be My Valentine Charlie Brown You're a Good Sport Charlie Brown and Race for Your Life Charlie Brown By turns hilarious and heartwarming distressing and hopeful *Everyone's Trash* is about way more than recycling and trash It's a poignant X-ray of a small city's soul and a testament to the power of connection compassion and community Sy Montgomery NYT Bestselling author *Soul of the Octopus* *Of Time and Turtles* Duncan Watson turned his passion for recycling trash into creating a nationally recognized facility in southwestern New Hampshire Now he tells his story filled with unforgettable characters self-deprecating humor and a larger message for today Like one of those unexpected discoveries many of us have picked up on a visit to our own recycling center *Everyone's Trash* is a treasure Dayton Duncan author *The*

National Parks America's Best Idea From his first Recycling Center job in California to his Municipal Recycling Facility MRF Murph in New Hampshire Duncan shares the humanity of his life well lived and the intertwined storylines that come alive in every chapter His skill as a recycling and waste professional is only surpassed by his ability to share heartfelt stories of humanity with his readers It is the rare author who can be this honest in his narration and every reader will be the richer for the experiences he recounts Mike Durfor Executive Director Ret Northeast Resource Recovery Association *Ski*, 1979-12

Ski, 1959 *Essential Skiing* Herb Gordon, 1996 An introduction to downhill skiing that also includes sections on snowboards and cross country **The Culture and Sport of Skiing** E. John B. Allen, 2007 A comprehensive history of skiing from its earliest origins to the outbreak of World War II this book traces the transformation of what for centuries remained an exclusively utilitarian practice into the exhilarating modern sport we know today E John B Allen places particular emphasis on the impact of culture on the development of skiing from the influence of Norwegian nationalism to the role of the military in countries as far removed as Austria India and Japan Although the focus is on Europe Allen's analysis ranges all over the snow covered world from Algeria to China to Zakopane He also discusses the participation of women and children in what for much of its history remained a male dominated sport Of all the individuals who contributed to the modernization of skiing before World War II Allen identifies three who were especially influential Fridtjof Nansen of Norway whose explorations on skis paradoxically inspired the idea of skiing as sport Arnold Lunn of England whose invention of downhill skiing and the slalom were foundations of the sport's globalization and Hannes Schneider whose teachings introduced both speed and safety into the sport Underscoring the extent to which ancient ways persisted despite modernization the book ends with the Russo Finnish War a conflict in which the Finns using equipment that would have been familiar a thousand years before were able to maneuver in snow that had brought the mechanized Soviet army to a halt More than fifty images not only illustrate this rich history but provide further opportunity for analysis of its cultural significance

Skiing for the Millions Frank Harper, 1945 *Ski Style* Annie Gilbert Coleman, 2004 Coleman traces skiing from its Norse roots and Alpine influences through the utility of ski travel in the winter Rockies to the rise of Colorado resorts Much more than a history of the sport her work explains how the recreation industry sold the experience of skiing and created mythic mountain landscapes with real problems and a ski culture that exalts celebrity and status over the physical act of skiing Jacket **The Complete Book of Water Skiing** Robert Scharff, 1959 *Ski Area Management*, 2006 **The Complete Skiing Handbook** Mark F. Heller, Douglas Godlington, 1979 **Mademoiselle**, 1969-11
