Johnson,2021-04-27 Xenophon s Socratic Works demonstrates that Xenophon a student of Socrates military man and man of
letters is an indispensable source for our understanding of the life and philosophy of Socrates David M Johnson restores
Xenophon s most ambitious Socratic work the Memorabilia Socratic Recollections to its original literary context enabling
readers to experience it as Xenophon s original audience would have rather than as a pale imitation of Platonic dialogue He
shows that the Memorabilia together with Xenophon s Apology provides us with our best evidence for the trial of Socrates
and a comprehensive and convincing refutation of the historical charges against Socrates Johnson s account of Socrates
moral psychology shows how Xenophon s emphasis on control of the passions can be reconciled with the intellectualism
normally attributed to Socrates Chapters on Xenophon s Symposium and Oeconomicus Estate Manager reveal how Xenophon
used all the literary tools of Socratic dialogue to defend Socratic sexual morality Symposium and debate the merits and limits
of conventional elite values Oeconomicus Throughout the book Johnson argues that Xenophon s portrait of Socrates is rich
and coherent and largely compatible with the better known portrait of Socrates in Plato Xenophon aimed not to provide a
rival portrait of Socrates Johnson shows but to supplement and clarify what others had said about Socrates Xenophon s
Socratic Works thus provides readers with a far firmer basis for reconstruction of the trial of Socrates a key moment in the
history of Athenian democracy and for our understanding of Socrates seminal impact on Greek philosophy This volume
introduces Xenophon s Socratic works to a wide range of readers from undergraduate students encountering Socrates or
ancient philosophy for the first time to scholars with interests in Socrates or ancient philosophy more broadly It is also an
important resource for readers interested in Socratic dialogue as a literary form the trial of Socrates Greek sexual morality
the central topic of Xenophon s Symposium or Greek social history for which the Oeconomicus is a key text **Catalogue of

accessible essays to assist a new generation of readers in their introduction to Strauss writings on the ancients and to deepen the understanding of those who have already benefitted from his work Strauss rediscovered esoteric writing His careful explications of works by classical thinkers of Socratic political philosophy pre Socratic philosophers and of poets tragic and comic have therefore opened those works up in a way that had been lost for centuries Yet Strauss writings especially his later works make considerable demands on any reader These essays are written by scholars who bring to bear on their reading of Strauss many years of study
