The Millennial Fables:

Millennial Fables, 1994 *The Millennial Fables* Richard Gloff, 2000-03-01 Funny surreal provocative disturbing The Millennial Fables deal with our American culture at the end of the 20th century Things are different here So don't be surprised if children start to float or someone's arguing with Jesus or you come upon a mountain made of millions of discarded men What's more don't expect anything that could be called heartwarming or inspirational If anything these stories have the bad manners to laugh at all that These are graffiti on the great facade of modern liberal humanism They are devoutly heretical fantasies They are meant to unsettle and nag They are seven short stories that can only cause trouble It's been said that when reality becomes absurd satire becomes useless Then again things are different here **The Humanitarian Fable** David Jefferess, 2026-02-23 The Humanitarian Fable examines how popular humanitarian communication constructs global poverty as a moral narrative that reinforces unequal power dynamics between the Global North and Global South Taking a cultural studies approach the book argues that humanitarian discourse places too much emphasis on the involvement of Global North initiatives while avoiding meaningful engagement with the structural causes of inequality By critiquing humanitarianism as the dominant framework for understanding global poverty the author challenges readers to consider alternative approaches grounded in justice decolonization and addressing ongoing exploitation This interdisciplinary text will interest academic researchers instructors and students across disciplines including Cultural Studies International Development Studies Education Human Rights and Communication Studies *Poems for the Millennium, Volume Three* Jerome Rothenberg, Pierre Joris, Jeffrey C. Robinson, 1995 Global anthology of twentieth century poetry Back cover **The Millennial Reign of Christ Upon Earth; and the Doom of Turkey, Rome, and Russia, as Indicated by the Sure Word of Prophecy, and by the Chronology of the Hebrew Text** Henry Folbigg, 1878 **The Controversy of Zion** T.W. Christie, 1894 **Monsters of Film, Fiction, and Fable** Lisa Wenger Bro, Mary Ann Gareis, Crystal O'Leary-Davidson, 2018-07-27 Monsters are a part of every society and ours is no exception They are deeply embedded in our history our mythos and our culture However treating them as simply a facet of children's stories or escapist entertainment belittles their importance When examined closely we see that monsters have always represented the things we fear that which is different which we can't understand which is dangerous which is Other But in many ways monsters also represent our growing awareness of ourselves and our changing place in a continually shrinking world Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what we fear about ourselves what we fear we might be capable of The nineteen essays in this volume explore the place and function of the monstrous in a variety of media stories and novels like Baum's Oz books or Gibson's Neuromancer television series and feature films like The Walking Dead or Edward Scissorhands and myths and legends like Beowulf and The Loch Ness Monster in order to provide a closer understanding of not just who we are and who we have been but also who we believe we can be for better or worse
