Unacceptable Face:

The Unacceptable Face, 1974 **The Unacceptable Face** Brian Jackson, 2019-09-07 Love jealousy and ambition and despair the underlying themes in *The Unacceptable Face* Brian Jackson's major new novel in a story that addresses the unacceptable face of abuse And not just domestic violence but the insidious abuse hidden in the workplace The story tells of two friends Helen and Rita whose lives continually criss cross and overlap Helen fulfilled and happy in her marriage to Eric an ambitious dreamer who is restless in pursuit of career and success and Rita lurching from one unhappy relationship to another But Helen is helpless to intervene as she watches Rita's relationships beginning with Rob a good looking and romantic charmer but in reality a weak feckless womaniser beginning to fail For it isn't long before Rob's gambling begins to ruin their life with debt culminating in Rob facing charges of theft and imprisonment And then on the rebound Rita meets Gerry and falls for him They set up home together and at first all appears well and Helen together with their other friends rejoice to see Rita happy at last But beneath the charm and courtesies Gerry is eventually revealed as a manipulative violent brute And meanwhile after an uncertain start Eric's career has begun to prosper with growing confidence he begins to rise above his origins and all Helen's dreams begin to be fulfilled with an enviable home and holidays in romantic locations But a dark shadow enters their lives and when Helen's baby is stillborn their happiness is threatened and the trauma is heightened when Rita under the malign influence of Gerry abandons her own children Helen severs her friendship with Rita until the death of Helen's beloved father leads to the reconciliation of the two friends But their renewed friendship is brief for Eric has taken on additional responsibilities in Scotland And then on the eve of their departure the extent of Gerry's abuse of Rita is eventually revealed Before long however events begin to take an unexpected turn in Helen's life At the peak of his success Eric's career stalls and he finds himself isolated amongst his colleagues As his professional world begins to collapse relentlessly in on him Eric tries to hide the emotional turmoil he is struggling with and Helen loyal in her support remains unaware of the hidden tragedy looming in Eric's life For her concern is for her friend Rita still living in a relationship that has spiralled into violence and the neglect of her children Until Helen begins to recognise the changes in Eric as he tries to confront the insidious power of the abuse he is being subjected to His thoughts turn to murder and Helen is faced with the unthinkable as she desperately searches for the reasons to explain the final tragedy in their relationship A 400 page saga spanning twenty years in the lives of two young women and their friends *The Unacceptable Face* exposes the secret misery so often endured behind the facade of success in modern life *The Unacceptable Face?*. Labour Party (Great Britain). Research Department, 1979 [Unacceptable face of high street](#) P. J. Heath, 1985 **The Uses Of Autobiography** Julia Swindells Homerton College, Cambridge., 2014-03-18 First Published in 1995 Autobiography is commonly understood in terms of giving readers insight into the private lives of unique individuals but in recent years the autobiographical project has absorbed a wide variety of social concerns The contributors to this book explore a range of the uses of autobiography from the

nineteenth century to the present day and from Africa USA the Middle East France New Zealand and the United Kingdom The chapters draw on a number of approaches including historical and literary methods to represent the autobiography s purpose of establishing communities of interest and social change The Structural Crisis of Capital István Mészáros,2010-03-01 In this collection of trenchant essays and interviews István Mészáros the world s preeminent Marxist philosopher and winner of the 2008 Libertador Award for Critical Thought the Bolivar Prize lays bare the exploitative structure of modern capitalism He argues with great power that the world s economies are on a social and ecological precipice and that unless we take decisive action to radically transform our societies we will find ourselves thrust headfirst into barbarism and environmental catastrophe Mészáros however is no pessimist He believes that the multiple crises of world capitalism will encourage the working class to demand center stage in the construction of a new system of production and distribution designed to meet human needs rather than serve the relentless pursuit of profit a struggle which is already underway in places such as Venezuela As John Bellamy Foster says in the foreword to this indispensable book Today the structural crisis of capital provides the historical setting for a new revolutionary movement for social emancipation in which developments normally taking centuries would flit by like phantoms in decades or even years But the force for such necessary vital change remains with the people themselves and rests on humanity s willingness to constitute itself as both subject and object of history through the collective struggle to create a just and sustainable world This Mészáros insists constitutes the unprecedented challenge and burden of our historical time Blogs from the Blackstuff David Bailey,John Clancy,2010-03-23 The online blogs of Professor David Bailey of Coventry University Business School and John Clancy Visiting Lecturer at the University of Birmingham Business School have been provocative and lively part of the Birmingham Post website for some time Here is the first volume of their blogs from 2008 2010 **Science of Religion** ,1987
