Subcommittee on Social Security,1981 Social Security Financing Felicity Skidmore,1981 For most of its working life which began in 1935 the social security system has been the most popular and creditable social program in the United States Its benefits have grown over the years and not only in nominal terms but in real ones as well Public trust in its soundness has been as close to universal as its coverage which now stands at nearly 94 percent of the working population By the early 1970s however serious cracks in the financial underpinnings of the system began to be widely noted The crisis of public confidence that developed with some clamoring to get out of the system altogether realistically reflected financial difficulties that are apt to persist through the first half of the twenty first century based on current projections of declining birth rates causing a higher retiree worker ratio and productivity growth rates Social Security Financing faces up to these and related problems and proposes a range of workable solutions including alternative methods for financing the system that would overhaul its entire fiscal structure The book which is based on an intensive study sponsored by the Social Security Administration and conducted by Mathematica Policy Research and the National Institute for Advanced Studies in 1980 deals with both the economics and the politics of the issues involved Contents Alternate Methods of Social Security Financing Overview of the Symposium Felicity Skidmore Issues in Social Security Financing History and Policy Framework Marilyn Manser The Economic Effects of Social Security s OASI Program George F Break Financing Social Security A Reappraisal Richard A Musgrave Financing Social Security VAT Versus the Payroll Tax Charles E McLure Jr Political Perspective on Social Security Financing Peter N Stearns Sorting Out the Issues in Social Security Financing American Politics and Public Opinion D Garth Taylor *Methods of Financing Social Security* International Social Security Association,1979 **Government Finance Brief** ,1970 **Financing Old-age, Survivors, and Disability Insurance** United States.
