*Crisis Cinema in the Middle East* Shohini Chaudhuri, 2022-06-16 In recent years the Arab world and Iran have been afflicted by cataclysmic events among them brutal state crackdowns of revolutions Yet filmmakers have persisted in their desire to tell their stories against the odds in creative acts that attest to their imagination courage and resilience In this book Shohini Chaudhuri examines a broad range of films made during the tumultuous period since 2009 ranging from internationally award winning festival favourites such as *For Sama* 2019 *Capernaum* 2018 and *Taxi Tehran* 2015 to lesser known films from the region While freedom of expression is often understood through the lens of state censorship she reveals the different types of obstacles that filmmakers face and their strategies for overcoming them so that those constraints are transformed into creative opportunities Using her original interviews with filmmakers such as Waad al Kateab Yasmin Fedda Larissa Sansour Mani Haghighi and Ossama Mohammed she identifies nine creative strategies for producing work under conditions of crisis Chaudhuri argues that creativity is indelibly shaped by constraints whether these are externally imposed by existing materials funding and socio political conditions or self imposed constraints through choices of genre or

acceptance of rules and responsibilities She shows that the range of creative strategies emanating from the region is much wider than allegory and becoming ever more direct She thus opens up new lines of inquiry into cinematic creativity in sites of conflict and crisis in the Middle East and beyond
