

Lockean Theory

The justifications for this theory can be categorized into five points:

Firstly, when a person owns his/her labour and mixes the things which are not owned with his/ her labour, he/she becomes the self owner of the property.

Secondly, the value of the property increases and improves only when labour is mixed with the property.

Thirdly, the fact that the labour improves the value of the property empowers the person with some sort of desert claim over the property.
