Alice Cary

View From Afar:

The View from Afar Claude Lévi-Strauss, 1992-12 This collection touches on a wide range of anthropological issues including family and marriage myths and rites the environment and its representation and constraint and freedom The essays encompass more than forty years of analysis and constrain arguments that are as relevant today as they were thirty years ago Hardly a field remains untouched sociobiology linguistics botany genetics psychiatry esthetics ecology politics neuroscience education morality psychology It s all breathtaking and alarming some of it wonderful some of it ridiculous At times the experience is exhilarating Richard A Shweder New York Times Book Review

Sophocles: The Trachiniae Sophocles, 1892 Seeing through Zen John R. Mcrae, 2004-01-19 The tradition of Chan Buddhism more popularly known as Zen has been romanticized throughout its history In this book John R McRae shows how modern critical techniques supported by recent manuscript discoveries make possible a more skeptical accurate and ultimately productive assessment of Chan lineages teaching fundraising practices and social organization Synthesizing twenty years of scholarship Seeing through Zen offers new accessible analytic models for the interpretation of Chan spiritual practices and religious history Writing in a lucid and engaging style McRae traces the emergence of this Chinese spiritual tradition and its early figureheads Bodhidharma and the sixth patriarch Huineng through the development of Zen dialogue and koans In addition to constructing a central narrative for the doctrinal and social evolution of the school Seeing through Zen examines the religious dynamics behind Chan s use of iconoclastic stories and myths of patriarchal succession McRae argues that Chinese Chan is fundamentally genealogical both in its self understanding as a school of Buddhism and in the very design of its practices of spiritual cultivation Furthermore by forgoing the standard idealization of Zen spontaneity we can gain new insight into the religious vitality of the school as it came to dominate the Chinese religious scene providing a model for all of East Asia and the modern world Ultimately this book aims to change how we think about Chinese Chan by providing new ways of looking at the tradition

Sophocles: The Plays and Fragments Sophocles, 1892 *Sophocles, the plays and fragments* , 1892 Sophocles Sophocles, 1892 Critical Readings on Tang China Paul W. Kroll, 2019-01-14 The Tang dynasty lasting from 618 to 907 was the high point of medieval Chinese history featuring unprecedented achievements in governmental organization economic and territorial expansion literature the arts and religion Many Tang practices continued with various developments to influence Chinese society for the next thousand years For these and other reasons the Tang has been a key focus of Western sinologists This volume presents English language reprints of fifty seven critical studies of the Tang in the three general categories of political history literature and cultural history and religion The articles and book chapters included here are important scholarly benchmarks that will serve as the starting point for anyone interested in the study of medieval China

This is That Aimee Semple McPherson, 2009-02-19 This is an EXACT reproduction of a book published before 1923 This IS NOT an OCR d book with strange characters introduced typographical errors and jumbled
