Thank You, America & Americans Armen Saginian, 2022-07-18 Why this appraisal In the framework of an autobiography I am a naturalized American citizen I am what I am and I became what I became because of you you the wonderful American people You dear Americans who have created

this wonderful and benevolent country through your hard work No other nation to date can claim that they have done more or better than you have in such a short time I am giving you my thanks my appreciations my respects my love and devotion to you and your work aspirations and ideals I am doing this in a try to nullify the vicious attempts of modern day Trotsky s and their clones who are trying to tear down what you have built because they cannot match you or your work or outdo you In my Addendums I have selectively expressed my heartfelt gratitude to those who had the most effect on my life but the list of those who in one way or another affected my life will probably make a book as thick as this one The majority of them are Americans My dear and benevolent people who have helped me and others like me millions of us be proud of who you are and what you have done You have always torn down what was useless and have replaced it with something more useful For the sake of the future of this nation and the salvation of mankind don t give anything free to anyone Don t give anyone free fish to feed on teach them how to fish to live on May the intelligent energy be with you **Appletons' Journal** ,1881
