Insights Phonics Practice:

Evidence and Insights to Inform Early Years Practice Anne Keary, Lucas Walsh, Janet Scull, Susanne Garvis, 2026-02-24 Despite widespread calls for evidence based improvement in education until recently little has been known about using research and other types of evidence to inform teaching and learning of young children particularly in early childhood education and care settings and the first years of formal schooling Considering the importance of evidence informed practice in education this book offers a timely and innovative exploration of the use of evidence in early years and how this translates to practice Through rich case studies and reflections on a portfolio of qualitative quantitative and mixed method studies the authors investigate tensions and constructive collaborative possibilities between research practice and policy Chapters intersect with components of the Q Project s Quality Use of Research Evidence QURE Framework to provide a lens through which to examine and support evidence informed practice in a range of diverse communities The book highlights how evidence can be meaningfully integrated into early years provision to inform policy programmes and practice This book will appeal to researchers early years professionals and policy makers and provide directions for how research and other evidence can better inform practice from local to international settings
