Management Frances Alston, Emily J. Millikin, 2015-07-29 Development and execution of a successful ES H program in today's profit driven business climate is challenging and complex. The techniques outlined in this book provide guidance and aid in understanding the challenges that must be addressed by ES H management and professionals. This book covers the primary areas of ES H and key elements that should be considered in developing, managing and implementing an effective, compliant and cost effective program. It fulfills the need that exists in the workplace for guidance from a practical experience view point.

The Leadership Handbook Bomi Doctor, 2020-11-06 There are several types of leaders, however, essentially two variants: one who holds the designation of a leader and the other whose job demands leadership quality. You do not need to have a title to be a leader. A good leader is one who develops leaders under him. While a lot has been written on leadership, few if any by an Indian who has worn out the soles of his shoes in the Indian corporate world, from field to desk to leadership. This book defines authentic leadership in the context of today's world. What makes this book a great handbook for a new manager or a seasoned one is its Power of Simplicity, which rests on actual experiences drawn from the author's own work life. This is a great handbook for aspiring leaders and leaders as well and has lots of practical examples that actually allow leaders referral points to navigate their own corporate attitude, associations and path. A master at identifying pain points, Doctor has left nothing to subtly and bluntly confront the issues at hand. His plain speaking style will resonate with managers on the job, like it has in the course of his various consultancy assignments. A book to be thumbed through ever so often and in real time, it is powerful and insightful. A must read. This book offers tremendous value in terms of guidance and growth for those young leaders who want to excel in their assigned roles. For all those leaders who extract the lessons from this simple yet powerful book, the reward in terms of results will be extraordinary.
