Understanding the Quality Use of Research Evidence in Education Mark Rickinson, Lucas Walsh, Joanne Gleeson, Blake Cutler, Connie Cirkony, Mandy Salisbury, 2023-12-01 This book focuses on the question of how to understand quality use of research evidence in education or what it means to use research evidence well Internationally there are widespread efforts to increase the use of research evidence within educational policy and practice Such efforts raise important questions about how we understand not just the quality of evidence but also the quality of its use To date there has been wide ranging debate about the former but very little dialogue about the latter Based on a five year study with schools and school systems in Australia this book sheds new light on why clarity about quality of use is critical to educational improvement how quality use of research evidence can be framed in education what using research well involves and looks like in practice what quality research use means for individuals organisations and systems and what aspects of using research well still need to be better understood This book will be an invaluable resource for professionals within and beyond education who want to better understand what using research evidence well means and involves and how it can be supported

informed practice Comprehensive and insightful Social Work Practice with Individuals and Families is a student and practitioner friendly text identifying the best assessment tools and strategies available for social workers to successfully serve individuals and families facing a broad range of challenges **Journal of Education for Social Work** ,2009

Foundations of Social Work Practice in the Field of Aging Roberta Rubin Greene,2007 The aging of societies is a global phenomenon In the United States alone the life expectancy for both men and women will continue to increase over the next few decades and with that a population explosion of older adults The dramatic increase in the number and diversity of older adults elevates the visibility of gerontological matters As a result social work practice is becoming more multigenerational thereby demanding social workers regardless of their professional endeavors to be equipped with the most innovative theories and practices to serve older adults and their families This comprehensive text spans the new knowledge and skills required in direct practice areas group work and macro practice It also outlines the Geriatric Social Work Competencies as developed by social work educators necessary to serve the older adult population and suggests how these competencies can be integrated into foundation curriculum Social work educators students practitioners administrators and policymakers will find updated useful information in this text regarding assessment tools cultural influences evidence based practices intervention techniques theoretical examples Individuals are living longer and healthier lives in part because of the extraordinary growth of biomedical knowledge and public health initiatives The confluence of the rapid and large increase of the older population and the exponential increase in the dissemination of knowledge create an imperative for social workers to employ the most recent knowledge in their practice with people living increasingly long lives JoAnn Damron Rodriguez Department of Social Welfare University of California Los Angeles How do social workers use evidence in practice? Sue Dumbleton,2009 This research aimed to investigate how social work practitioners make use of research and inquiry evidence in their practice The research investigated the forms of evidence social work practitioners draw on the way in which social workers understand and draw upon their knowledge of evidence and the conditions such as skills training values organisational culture that support good practice in the use of evidence to inform practice The accounts of practice provided by six participating social workers all appeared to fulfil the definition of critical best practice They demonstrated a capacity for critical reflection on their actions and thoughts in ways that were both skilful and deeply respectful for service users while at the same time using good judgement and authority The social workers referred to a complex and interacting mix of practice experience social work and other theory and knowledge of legislation methods of intervention and local and national policy procedures and resources in all the practice examples chosen Whilst interviewees accounts of practice varied greatly in the kinds of knowledge used there were some strong similarities in the ways the social workers described the way that they used knowledge *Evidence and Knowledge for Practice* Tony Evans,Mark Hardy,2010-04-26 Evidence and knowledge are fundamental in professional practice A key skill for social workers is understanding how to use the range of sources

available Being able to explain the evidence underpinning decisions and the knowledge base of professional interventions is not just good practice it s essential in partnership working and in acting accountably This innovative book recognizes and builds on the complex nature of social work practice It challenges the view that there is one best form of knowledge which applies equally to all aspects of practice Tony Evans and Mark Hardy outline key debates and put forward approaches to evidence and knowledge that encourage readers to use a range of different forms of knowledge to inform and develop their professional practice This helpful book also supports reflection and learning by including case studies activities and tasks alongside the main text Evidence and Knowledge for Practice is essential reading for social work students qualified social workers and other readers with an interest in social work practice
