Time machine: Utopia or Science Fiction Kristijan Zrinski, 2013-06-26 Seminar paper from the year 2012 in the subject Didactics for the subject English Literature Works grade 3 0 University of Trier language English abstract This term paper deals with the question which literary genre does The Time Machine by H G Wells fits best into Should it be seen as a dystopian novel or should it be rather classified as a science fictional one and why is it so hard to classify As the novel shows characteristics for either genres the novel has to be analysed accurately In order do so and find an answer to the main question I will point out and examine relevant passages in the text which will help classifying Wells work Therefore it is essential to first of all define both literary genres These definitions are to include the origin of the genre main characteristics as well as appropriate background information As already mentioned the definitions will be

followed by an in depth analysis of significant text passages Finally my conclusion is intended to sum up the most important findings and aims to present a classification based on the analysis in the main part Science-fiction Studies ,2001

Keith Booker,1994-05-25 Dystopian literature is a potent vehicle for criticizing existing social conditions and political systems While utopian literature portrays ideal worlds dystopian literature depicts the flaws and failures of imaginative societies Often these societies are related to utopias and the dystopian writers have chosen to reveal shortcomings of those social systems previously considered ideal This reference overviews dystopian theory and summarizes and analyzes numerous dystopian works By reviewing the critical thought of particular dystopian theorists the beginning of the volume provides a theoretical context for the remainder of the book Because dystopian literature is so closely related to utopian writing the reference profiles and discusses eight important utopian works The rest of the book includes entries for numerous dystopian novels plays and films Each entry summarizes the work and discusses dystopian themes The entries include short bibliographies with full bibliographic information provided at the end of the volume This comprehensive guide covers the full period from Thomas More s *Utopia* to the present day Utopia/dystopia?

Peyton E. Richter,1975 *Science Fiction* Robert Scholes, Eric S. terrifying dystopian writers almost universally turn to an idea certain to generate both fear and sympathy in the reader the dual concept of language as the primary tool by which repressive societies stifle dissent and simultaneously as the primary weapon used by rebels bent on understanding resisting and countering such oppression This volume traces the evolution of language s centrality in 20th century dystopias in English beginning with Huxley s *Brave New World* R and Orwell s *1984* R As dystopian fiction has branched out to embrace multiple viewpoints and agendas the emphasis on language has remained at the center of the dystopian impulse These include the first person narrative dystopia such as Anthony Burgess s *A Clockwork Orange* R the feminist dystopia such as Margaret Atwood s *The Handmaid s Tale* R and Suzette Elgin s *Native Tongue* R and *The Judas Rose* R and the post apocalyptic mythic dystopia such as Russell Hoban s *Riddley Walker* R While other scholars have often alluded to the importance of language within specific literary dystopias this book transcends earlier studies by presenting a generic model of dystopian language use
