## **Training Mentors Is Not Enough:**

Training Mentors Is Not Enough Hal Portner, 2001-04-24 Portner's work provides all educators with a look at both the philosophical side of mentoring new teachers and the very practical side of operating an effective mentoring program. As the teacher shortage grows more pronounced, this book can be a basic blueprint for success in addressing recruitment, induction, and retention of the best possible teachers in any district, large or small, urban or suburban or rural. Carl E. O'Connell, Mentor Program Coordinator, Rochester City School District and Rochester Teachers Association, NY. This book is packed with practical suggestions and detailed hints on how a program can be set up and woven into the fabric of a school in a systemic way. Portner captures the ups and downs of mentoring relationships and proposes effective ways to keep mentoring programs energized. Charles E. Gobron, Teacher Chair, Professional Development Council, Massachusetts Teachers Association. A roadmap for highly effective mentoring programs. Educator program consultant and author Hal Portner is an authority on how to craft a mentoring program that validates, supports, and celebrates every aspect of the mentor-mentee relationship. In *Training Mentors Is Not Enough*, Portner offers a how-to guide and workbook for planners and participants who want to develop an exemplary mentoring program or upgrade an existing one. This comprehensive but accessible resource also serves as a practical management tool for mentor program coordinators and committees. Practical strategies and how-to points cover subjects like: Obtaining broad-based commitment and participation from key individuals and groups; Understanding and working within the larger environment; Forming and developing effective mentoring committees; Roles and responsibilities of participants; Pragmatic and effective policies, procedures, and resources; Evaluating fledgling mentoring programs; Analysis of recently developed models. *Training Mentors Is Not Enough* offers educators an expanded view of the mentoring process and serves as an essential resource for planning, managing, and evaluating mentoring programs. This book can also serve as a valuable supplemental text in educational leadership or program development courses and seminars. **Everyone Needs a Mentor** David Clutterbuck, 2004 *Everyone Needs a Mentor* provides managers with essential frameworks to identify, formulate, and implement the best policies and practices in the development of employee potential. **The Nurse Mentor's Handbook** Danny Walsh, 2010-10-01 All nurses have a duty via their professional code of conduct to pass on their knowledge, and this book is the ideal companion text for all new and trainee nurse mentors. This book provides a unique guide to strategies and ideas to help devise and enhance learning opportunities for their students. With a practical and accessible style, the book answers all those questions that mentors may have about the mentoring role, including: How can I create a good learning environment? How should I assess students in practice? How do I support failing students? What should I include in my mentors' portfolio? The book includes cases, quotes from practitioners, strategies, tools, and interventions that you can use in clinical practice. *The Nurse Mentor's Handbook* is centered around the Nursing and Midwifery Council (NMC) mentor standards and is easy to relate to nurse mentor courses and the requirements for effective updating.
