Osatinski,2023-08-03 20 Seasons Broadway Musicals of the 21st Century catalogues categorizes and analyzes the 269 musicals that opened on Broadway from the 2000 2001 season through the 2019 2020 season This book is the first to comprehensively examine the musicals that premiered on Broadway during this important historical period which

was bookended by the 9/11 terrorist attacks on one end and the Coronavirus pandemic on the other. It begins by exploring the historical context for the first 20 years of the 21st century and how this impacted American culture and theatre. Rather than chronologically, the musicals are then organized into categories based on their source material and whether they were original musicals or revivals. Painting a detailed picture of the Broadway musical in the first 20 years of the 21st century, Jukebox musicals, screen-to-stage musicals, revivals, and other original musicals are all covered, and each chapter ends with reading guides and discussion prompts. The book not only discusses what was produced but by whom, uncovering the stark lack of representation for women and artists of color on Broadway musical creative and design teams. Additionally, the last chapter discusses the COVID-19 pandemic, the Broadway shutdown, and what happened to the Broadway musical during the shutdown, including the response to the Black Lives Matter movement in the summer of 2020. *20 Seasons Broadway Musical* of the 21st Century will appeal to fans and scholars of musical theatre as well as students of Musical Theatre, Musical Theatre History, American Studies, and Pop Culture Studies.

You Didn't Hear This From Me Kelsey McKinney, 2025-02-11 AN INSTANT NEW YORK TIMES AND USA TODAY BESTSELLER NAMED A BEST BOOK OF THE MONTH BY TIME MAGAZINE, AMAZON AND KOBO, NAMED MOST ANTICIPATED BY LIT HUB, PUREWOW, AND W MAGAZINE. Gossip is the only cultural tradition I care about, and Kelsey McKinney has written its Bible. Samantha Irby, 1 NYT bestselling author. From the host of the Normal Gossip podcast, a delightfully insightful exploration of our obsession with gossip that weaves together journalism, cultural criticism, and memoir. As the pandemic forced us to socialize at a distance, Kelsey McKinney was mourning the juicy updates and jaw-dropping stories she'd typically collect over drinks with friends, and from her hunger for the blockbuster Normal Gossip podcast, which was born with listenership in the millions, Kelsey found herself thinking more critically about gossip as a form and wanting to better understand the role it plays in our culture. In *You Didn't Hear This From Me*, McKinney explores the murkiness of everyday storytelling: Why is gossip considered a sin, and how can we better recognize when it's being weaponized? Why do we think we're entitled to every detail of a celebrity's personal life? And how do we define gossip anyway? As much as the book aims to treat gossip as a subject worthy of rigor, it also hopes to capture the heart of gossiping: how enchanting and fun it can be to lean over and whisper something a little salacious into your friend's ear. With wit and honesty, McKinney unmasks what we're actually searching for when we demand to know the truth, and how much the truth really matters in the first place.

Social Media Strategy Keith A. Quesenberry, 2020-08-14 This book is a blueprint for the practice of marketing, communications, advertising, and public relations in a digital world where the consumer has taken control.

The Digital War Winston Ma, 2020-12-10 What new directions in China's digital economy mean for us all. China is the largest homogenous digital market on Earth, unified by language, culture, and mobile payments. Not only a consumer market of unrivaled size, it's also a vast and hyperactive innovation ecosystem for new technologies. And as China's digital economy moves from a consumer-focused phase to an enterprise-oriented one, Chinese companies are rushing to capitalize on ways the

newer wave of tech the Internet of Things AI blockchain cloud computing and data analytics iABCD can unlock value for their businesses from non traditional angles In The Digital War Winston Ma investment professional capital markets attorney adjunct professor of digital economy and bestselling author details the profound global implications of this new direction including how Chinese apps for services such as food delivery expand so quickly they surpass their U S models within a couple of years and how the sheer scale and pace of Chinese innovation might lead to an AI arms race in which China and the U S vie aggressively for leadership How China s younger netizens participate in their evolving digital economy as consumers creators and entrepreneurs Why Online Office OMO Online merge with Offline integration is viewed as the natural next step on from the O2O Online to Offline model used in the rest of the world The ways in which traditional Chinese industries such as retail banking and insurance are innovating to stay in the game What emerging markets can learn from China as they leapfrog past the personal computer age altogether diving straight into the mobile first economy Anyone interested in what s next for Chinese digital powerhouses investors governments entrepreneurs international business players will find this an essential guide to what lies ahead as China s flexes new digital muscles to create new forms of value and challenge established tech giants across the world
