The Power of Real Optimism Deepika Chopra,2026-03-10 Optimism isn t about pretending everything is fine It s about staying open and flexible especially when it s not In this fresh science backed debut professional psychologist and media expert Dr Deepika Chopra shows us how to build the kind of optimism that can actually withstand real life We ve been sold the idea that optimism is a mood a mindset or worse just an inherent trait But what if real optimism is something else entirely In *The Power of Real Optimism* Dr Deepika Chopra known as The Optimism Doctor offers a radically different definition optimism as a science a skill and a psychological muscle we can

strengthen Drawing from over a decade immersed in the science of resilience emotional well being and cognitive psychology as well as her work with clients innovative workshops and hallmark practices think evidence based visualization narrative reframing her signature self worth work and even color therapy Dr Chopra offers a toolkit for navigating the chaos uncertainty and nuance of being human without losing yourself to it Grounded practical and poetic in all the right ways this book will challenge your relationship with hope rewire how you recover from hard things and invite you to stay soft without falling apart With her blend of intimate storytelling psychological insight and tangible tools including a 33 day Real Optimism Challenge Dr Chopra offers something far more enduring than a quick fix or fleeting affirmation She invites us into a deeper more resilient way of living one where we can stay curious in the face of fear open in the face of grief and grounded even as the world wobbles beneath us Because real optimism doesn't deny the dark it teaches us how to see in it **The Associate's Survival Guide** Samuel M. Fassig,2005 Care Brooke McAlary,2021-06-16 From the internationally bestselling author of SLOW comes a new call to arms for a new approach to living well for everyone Tiny acts of care are everywhere A smile passed between strangers A moment spent noticing the light through the leaves A homemade meal shared with friends A parent chasing their child around the park smiles spread on their faces But when the world we live in is overwhelmingly a world of disconnection pain and division it makes sense to ask whether these acts of care beautiful moments of delight connection and kindness that they really matter at all Brooke McAlary believes they matter In fact she believes they might be some of the most important actions we will ever take Now more than ever we're burnt out heartsick and overwhelmed by a world full of problems that seem too big to fix The solution doesn't lie in caring less and switching off Nor does it lie in caring more and throwing ourselves into further burnout The radical solution is to learn how to care small Tiny even Care The radical art of taking time explores what it means to care in small powerful ways for ourselves our loved ones and our communities and reveals that caring doesn't need to cost us our wellbeing happiness or connection to the world That making simple changes to how we live spending more time in nature putting down our devices and connecting with each other face to face finding awe and wonder in the world around us and remembering how to play will have ripple effects that reach far beyond our own corner of the planet With unwavering compassion and understanding Brooke McAlary takes us on a journey to rediscover the small pleasures that create large ripples reminding us that no one needs to shoulder the burden of doing it all by themselves we only need to cast our eyes forward and start small with care New Scientist ,2008-07 **Delivering Data Analytics** Nicholas Kelly,2021-12-03 The importance of data analytics is well known but how can you get end users to engage with analytics and business intelligence BI when adoption of new technology can be frustratingly slow or may not happen at all Avoid wasting time on dashboards and reports that no one uses with this practical guide to increasing analytics adoption by focusing on people and process not technology Pulling together agile UX and change management principles Delivering Data Analytics outlines a step by step technology agnostic process

designed to shift the organizational data culture and gain buy in from users and stakeholders at every stage of the project This book outlines how to succeed and build trust with stakeholders amid the politics ambiguity and lack of engagement in business With case studies templates checklists and scripts based on the author s considerable experience in analytics and data visualisation this book covers the full cycle from requirements gathering and data assessment to training and launch Ensure lasting adoption trust and most importantly actionable business value with this roadmap to creating user centric analytics projects
