## Stand In:

**Stand-In** J. S. Frankel, 2020-01-03 Bill Grissom seventeen doesn't have long to live and when he's given a second chance as a substitute for his counterpart in a parallel universe he jumps at the chance to become the Golden Guardsman. Things go well at first. Along with Veil, Charlene, Thompson, Matter Man, Anders, Nixon, and Monolith, Martin Bollock, the other members of the group, they dispense justice wherever it's needed. However, Matter Man's insistence on getting paid for a job well done doesn't sit well with Bill, and he becomes jaded and cynical about working for the Collective. To Matter Man and to the other members of the group, it's all about the coin. As well, more and more super criminals start to appear, and when Bill discovers who's coming and more importantly why, he learns that being a hero involves more than simply dispensing justice. It's all about living up to the ideals of being one something that could cost him his life.

**Fundamentals of Psychodrama** Falko von Ameln, Jochen Becker-Ebel, 2020-07-25 This book offers a comprehensive guide to psychodrama, including the underlying philosophy, methodology, theory, and applications. Taking readers through the process of staging a psychodrama session from the contracting phase, exploration, and enactment to closure and integration, the book also presents brief, short examples to illustrate how to choose the best methodological approach for any context and describes in detail the various psychodrama techniques and their application in practice, with indications, contraindications, typical pitfalls, and FAQs. The book demonstrates that psychodrama is not merely a collection of methods and techniques and that the potential of psychodrama cannot be fully utilized without an in-depth knowledge of its conceptual foundations. With examples from a range of practices, it shows the broad applicability of psychodrama in therapeutic and non-therapeutic contexts alike, e.g., in educational contexts, school, and adult education, social work, organization development, coaching, and many other fields. This easy-to-read book uses jargon-free language and will appeal to psychotherapy researchers and practitioners as well as non-therapeutic professionals like human resource consultants and life coaches. This is a translated and revised edition of the best-selling German book *Psychodrama Grundlagen* Springer 2014, 3rd edition.
