Association of British Orientalists

Tale Of Genji 2vol:

Antiquarian Bookman ,1962 Monogatari No Yokubō Eiji Sekine,1993 *The Eastern Gate* Janet Gaylord Moore,1979
An illustrated introduction to the sculpture painting and architecture of China and Japan **Women in Japanese Society**

Kristina R. Huber,Kathryn Sparling,1992-09-15 This exhaustive bibliography contains more than 2 300 annotated entries on the lives of women in Japan It includes books and book chapters articles in scholarly journals and popular magazines and published conference papers The authors have diligently researched databases bibliographies and indexes and have based their detailed annotations on a close examination of the works cited The volume lists works published in English from 1841 to the present and a particularly significant feature is the inclusion of literary works by Japanese women The book is further balanced by material on non Japanese women living in Japan All materials are available in the United States through standard interlibrary loan sources A valuable introduction provides detailed instructions for using the volume The bibliography is divided into a number of broad sections on the public and private lives of women and entries in each section are grouped in more specific categories covering home life politics education religion careers the arts and other areas The sections on literature briefly introduce the lives and works of poets and prose writers listing their individual works available in English translation A concluding section provides access to reviews and overviews of scholarship on women in Japan The extensive author title and subject indexes make this book of tremendous value to researchers in a wide range of disciplines

Psychoanalysis, Psychology, and Literature, a Bibliography. 2nd Ed. 2 Vol Set Norman Kiell,1982 Almost 20 000 entries of worldwide literature related to psychology and psychiatry as these disciplines are dealt with in literary publications Most of the contents of the first edition are included in the second Divided into sections of such forms as drama poetry folklore and myths Each numbered entry includes bibliographical information Author title and subject indexes *The East* ,1976 The Tale of Genji ,1965 *Itineraries of Power* Terry Kawashima,2020-05-11 Movements of people and groups through travel migration exile and diaspora are central to understanding both local and global power relationships But what of more literary moves textual techniques such as distinct patterns of narrative flow abrupt leaps between genres and poetic figures that flatten geographical distance This book examines what happens when both types of tropes literal traversals and literary shifts coexist *Itineraries of Power* examines prose narratives and poetry of the mid Heian to medieval eras 900 1400 that conspicuously feature tropes of movement Terry Kawashima argues that the appearance of a character s physical motion alongside literary techniques identified with motion is a textual signpost in a story urging readers to focus on how the work conceptualizes relations of power and claims to authority From the gendered intersection of register shifts in narrative and physical displacement in the Heian period to a dizzying tale of travel retold multiple times in a single medieval text the motion in these works gestures toward internal conflicts and alternatives to existing structures of power The book concludes that texts crucially concerned with such tropes of movement suggest that power is always simultaneously manufactured and

dismantled from within **Transactions of the Asiatic Society of Japan** Asiatic Society of Japan,2018 List of transactions v 1 41 in v 41 *A Select List of Books on the Civilizations of the Orient* Association of British Orientalists,1955 Netsuke & Inro Artists, and how to Read Their Signatures George Lazarnick,1982 *The Clique* ,1954 **Catalogue of Printed Books, Comprising ...** Sotheby & Co. (London, England),1950 **Books West Magazine** ,1977 **AB Bookman's Weekly** ,1999 *Bilingual journal of the École française d'Extrême-Orient* ,2003 *The Clear Mirror* ,1998-08-01 The Clear Mirror Masukagami is an account of Japanese history from 1185 to 1333 by an anonymous author almost certainly a court noble writing around the third quarter of the fourteenth century During this time the military government at Kamakura controlled the country maintaining the emperor with his court at Kyoto as symbolic head of state Though the imperial court had little real power it attempted to maintain as much of its former dignity and prestige as it could The Clear Mirror is at least semi fictionalized promoting a picture of a court healthier and more powerful than it really was Moreover the work sees the court as guardian of its own traditional arts and lifestyle and thus provides not only a history of imperial succession and other events but also copious examples of poetic expressions and descriptions of courtly traditions and ceremonies Because of its attempt to exemplify the best in the courtly prose tradition it is noted for its imitation of the style of the masterpiece The Tale of Genji the work has long been valued in Japan as much for its artistic literary contribution as for its historical significance The present translation makes available to English readers the last significant work belonging to the genre of historical tales rekishi monogatari another example of which is A Tale of Flowering Fortunes translated by William and Helen Craig McCullough Stanford 1980 The introduction provides a brief summary of the significant historical and political events of the period together with a discussion of the significance of The Clear Mirror within the historical tales tradition and comments on the literary strengths and weaknesses of the work A glossary identifies people and places mentioned in the text and an appendix discusses details concerning the work s authorship possible dates of initial publication and other matters relating to the original manuscript **The Journal of the Association of Teachers of Japanese** ,1974 **The Dilemma of the Modern in Japanese Fiction** Dennis C. Washburn,1995-03-11 This book looks at modernity in Japanese literary culture as a continuing historical dynamic rather than as merely the product of the intense Westernization of the nineteenth and early twentieth centuries The author links the modern in Japan to a sense of cultural discontinuity that may be located in fictional narratives before the encounter of Japan with the West and he argues that modernity in Meiji Japan can be understood in terms of cultural conflict not only Japan versus the West but also Japan s present versus its past Washburn compares readings from Meiji literature with readings from pre Meiji and post Meiji works He begins with Genji monogatari early eleventh century and the Hojoki 1212 continues with stories by Saikaku late seventeenth century and ends with a consideration of selected texts from the Meiji period 1868 1912 through the end of the Second World War Washburn focuses on common thematic elements that recur over time and on such formal considerations as voice and perspective that evolve

historically to give expression to the sense of the modern Using this approach he is able to look at many individual authors in a new way and to present significant reevaluations of many important texts This book is also a study of the East Asian Institute Columbia University Catalogues of Sales Sotheby & Co. (London, England),1965

Immerse yourself in heartwarming tales of love and emotion with Explore Love with its touching creation, Experience Love's Journey in **Tale Of Genji 2vol** .
