manages to draw parallels to English society and especially the stratified society of London while creating his hallmark complex characters and compelling story. It has been remarked that Sydney Carton, a dissolute and disillusioned London barrister, is nonetheless the only protagonist in any of Dickens' major works who is in the classical sense heroic. While following several characters, the central plot revolves around Carton, Charles Darnay, a virtuous French aristocrat who falls prey to the wide-ranging and unreasoning fury of the Revolution, and Darnay's wife. Born in Portsmouth, England, on February 7, 1812, Charles Dickens enjoyed a comfortable childhood until his father lost his post at the Navy Pay Office and ultimately landed in debtors' prison. Charles embarked upon a horrific stint pasting labels on jars of bootblack in a rat-infested slum while living in an attic. Teaching himself shorthand, he would later find work as a newspaper reporter and writer covering the courts. These experiences, with his almost photographic memory, provided him with material for the colorful characters and vivid depictions of life in England which characterized his work for decades. The publication of *The Pickwick Papers* in serial form in 1836 brought Dickens success. Within a few years, he became an international literary celebrity. Ultimately, he would become the foremost novelist of the Victorian era and one of the most widely read writers in history. His books have never gone out of print, have been turned into films and plays, and are still widely read today. Along with compelling storylines and unforgettable characters, Dickens' stories served as vehicles for social commentary, often harshly critical of class stratification and public institutions. In particular, and contrary to prevailing views, Dickens championed the poor, whom he saw as wretched not because of their own weaknesses and moral failures but because of their helplessness before society's attitudes and institutions. And yet, Dickens managed throughout to maintain a humorous element, and satire and caricature fill the pages of his works. Dickens died on June 9, 1870, following a stroke. Given the body of work he left behind, it is striking to note that Charles Dickens was just 58 years old at his death.

Yeah, reviewing a book **Tale Of Two Cities** could accumulate your near links listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have astounding points.

Comprehending as without difficulty as accord even more than further will have the funds for each success. next-door to, the pronouncement as well as keenness of this Tale Of Two Cities can be taken as with ease as picked to act.
