## When Light Turns Into Night:

Religious Experience and Divinization in the Sectarian Dead Sea Scrolls Rebecca L. Harris, 2025-11-20 For members of the sectarian Dead Sea Scrolls movement participation in the group would have granted an individual special privileges including present unmediated access to otherworldly realities This understanding of the present as a type of liminal space is rooted in the group's constructions of time and space Drawing on theories of liminality and anthropological research on religious consciousness this study seeks to demonstrate how sectarian identity and ritual and liturgical practice might have cultivated an experience of present communion with divine beings that was also aspirational and aimed to achieve the human worshiper's permanent incorporation into the heavenly realm

*THE UFOLOGY BUILDING* Diego Kurilo, 2025-06-18 Of all the possible and probable stories those of spaceship travel and more if they are driven by beings from other civilizations are among the most fascinating stories there are an infinite number of colors of human psychology to approach all these stories that the person believes or needs to believe in his or her own psychology and frame of mind These kinds of experiences of contact with without programming abductions or even entering an ET type ship consciously create in consciousness a multiplicity of symbols that the person contacted will spend their whole life trying to decipher as if in an enigma Any analysis of the chaotic set of ufology would be to establish a corpus of analysis that contains elements or components that range from religious psychic and even parapsychological elements as well as in some cases of telekinesis to premonitory dreams

*Wonderfully* Diego Kurilo, 2025-06-18 Regarding the phenomenon of unidentified objects we have more questions than answers it is good that it is so by luck and my personal searches I have not found an answer to all the questions that ufology raises such as the most important ones what where do these beings come from And what is your purpose of visiting the earth or your final purpose limited to the abduction of people with an almost industrial methodology or cadence I am still looking for answers to my own searches about my own UFO experiences Regarding the ufological theme over the years what I have discovered is that the phenomenon is more diverse than one could imagine the ufo really manifests itself as a Monster with thousands of arms and an impossible and unclassifiable face The great edifice of ufology ranges from mutilation of cattle also of people rarer cases but there are to out of body experiences of an angelic astral type taking samples where ships land reports of direct and programmed contact

Page 11 Real Contact Stories E T where human beings knowingly and intentionally board a ship perhaps never to return Surely if he returns it is because something is pending a debt or as I would say a backpack full of things if one does

not return it is because he discovered that there is nothing to discover silence is more important than anything else I What many comment is that you get on the ships in pairs like Adam and Eve *Hermeneutics and Exegesis* DIEGO KURILO,2023-01-01 ntroduction One knows what symbolism is if one knows man in his manifest depth always knowing that he was placed on earth by God whose function as Pico della Mirandola reminds us will be to meditate admire and love the greatness of God s creation But God did not find a model to do it He therefore addresses the first specimen of his creature and says I have not given a form nor a specific function to you Adam For this reason you will have the form and function you want The nature of the other creatures I have given according to my desire But you will have no limits You will define your own limitations according to your free will PICUS MIRANDOLA Men would have to understand what it means not only to be present in the here and now but without this understanding knowing that man is the central image of reality and the center of God s creation they would not be able to understand themselves the symbol center of the earthly state The author s intention is to allow the reader to visualize and dwell on the basic aspects of the symbolic archetypes and Hermeneutics and Exegesis their relationship with divinity the structures of the heavens and time as a determining factor For Augustine of Hippo the nature of God is dual and dialectical because man was made by God for his own joy and placed there as a central image with nature at his service what is Symbolism the Qur an reminds us Qur an XVII 44 The seven heavens and the earth And everything that is in them they glorify and there is nothing that they do not glorify with praise But you do not understand his glorification Parliamentary Debates (Hansard) New Zealand.
