, *Affair* Elsa Harbor, 2020-07-24 This guide will help you understand various factors of affairs that you may have never thought about before. When it comes to affairs, there are so many things involved. And one of the reasons why they don't get dealt with in the right way is the misinformation or perhaps the lack of information out there. Many people, for example, may wonder how you can take full responsibility for your actions. Others may be on the fence or might be in the dark when it comes to recognizing the signs. And some may even wonder what will happen to the man or woman the cheater has cheated with. Why do people have affairs? What is behind all this? How can it end, and what are the consequences? These questions and many of the abovementioned subtopics will be addressed, so don't wait and get started. *Surviving Infidelity* Lisa Hunt, 2021-04-16 If you are suffering the devastation of marital infidelity, this book is for you. For the longest time, we have been led to believe that an affair is the death of a marriage or a relationship. Adultery has always been the green-eyed monster, and we have been led to believe that a relationship can never be the same as before. Either you are the betrayed partner or you are the one who fell into the slippery slope of infidelity; either way, you are going through one of the toughest times of your life. All relationships are a challenge, and it's up to you and your partner to tackle this challenge. It's important to understand that an affair is not necessarily the end of a relationship. What matters the most is how you respond and what you decide. Do you want to heal alone or give up on the relationship entirely, or are you ready to save it for you and work through it? *Surviving Infidelity* is a handbook on all things that you may have questioned after the revelation of an affair. Was it you? Why has this happened to you? What are your options? You'll be guided on how to overcome the trauma and deal with obsessive thought and learning to manage those emotions of self-doubt and self-pity. You'll be encouraged to stand up, taking care of your emotional, mental, and physical strength. It explores the various aspects of infidelity, whether you consider infidelity a physical affair, emotional, or modern-aged cyber affair. How to deal with the social issues of the affair and how to build trust again and achieve stronger intimacy. Inside, you will discover what is infidelity and how it has evolved throughout the decades. The different types of infidelity and the nature of the affair include physical, emotional, and cyber affairs. How to cope with the trauma of being betrayed. How to build your self-confidence. When She Cheated Sean O'Reilly, 2020-07-09

WHEN SHE CHEATED My Story on SURVIVING Her Affair is a raw account of my experience when I discovered my ex wife s affair and the subsequent navigation of the tumultuous reality brought on by that discovery This is a story for those who are looking for something in the midst of one of the darkest times they will face You are probably looking for advice hope justification guidance statistics really anything that can help you navigate the turmoil you are facing I know I searched high and low and what I found was scarce information on the true emotional experience that a man can expect after discovering his partner s betrayal I decided to share my story and write this book because I believe my experience and the journey I have been on since the discovery of my ex wife s betrayal might possibly help someone who is going through a similar struggle and grasping for answers Within these pages You will read my story as well as commentary on my reflections back on key emotions feelings and thoughts that governed my experience in surviving the immediate aftermath of discovering my ex wife s affair You will also find tips on how I endured the pivotal moments following my discovery and some key takeaways from my experience My name is Sean and I survived my ex wife s affair I am not an expert in psychology nor any matter of physical or mental health What I am an expert in is my experience and I am uniquely qualified to share it I will go as far to say there is no one more qualified than I am to share my experience One of the main things I learned is that when you are struggling to survive the aftermath of discovering that your partner is having an affair you are never as alone as you may feel My story is emotional and it is raw I make no apologies for my story and neither should you In the wake of devastation there is no shame in struggling to gather your emotions and thoughts It is okay when you feel like you are losing control Ultimately you will get through this and your life will be opened to possibilities and opportunities that you may have never thought possible Welcome to my story I hope it helps with yours
