[Writing in Time](#) Marta L. Werner, 2021-04-20 Winner of the 2023 Richard J Finneran Award for the best book about editorial theory or practice For more than half a century the story of Emily Dickinson s Master documents has been the largely biographical tale of three letters to an unidentified individual Writing in Time seeks to tell a different story the story of the documents themselves Rather than presenting the Master documents as quarantined from Dickinson s larger

scene of textual production Marta Werner's innovative new edition proposes reading them next to Dickinson's other major textual experiment in the years between ca 1858-1861 the Fascicles. In both Dickinson can be seen testing the limits of address and genre in order to escape bibliographical determination and the very coordinates of mastery itself. A major event in Dickinson scholarship Writing in Time Emily Dickinson's Master Hours proposes new constellations of Dickinson's work as well as exciting new methodologies for textual scholarship as an act of intimate editorial investigation
