Vives Goethe:

Prospects, 1994 *Goethe's Works: The autobiography of Goethe. From the German by J. Oxenford* Johann Wolfgang von Goethe, 1882 **The British Library General Catalogue of Printed Books 1976 to 1982** British Library, 1983

Life of Goethe Heinrich Düntzer, 1883 **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects** University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **Staging Marriage in Early Modern Spain** Gabriela Carrión, 2011-04-18 Staging Marriage in Early Modern Spain examines selected dramatic works where the vicissitudes of matrimony play center stage Various aspects of conjugal relations including courtship divorce and widowhood take on particular relevance in the Spanish comedia in light of the intense debates raging over the seventh sacrament in early modern Europe The institution of matrimony is subject to unprecedented scrutiny during this period and provides a rich source of material for playwrights such as Lope de Vega Miguel de Cervantes and Pedro Calderón de la Barca Taking the decrees on marriage of the Council of Trent 1563 as a point of departure Carrión examines the conjugal bond within a literary and historical framework offering close readings of dramatic works religious decrees and moral treatises where the conjugal bond plays a central role She identifies in works such as Lope's *Peribé y el Comendador de Oca* a Cervantes *El juez de los divorcios* and Calderón's *El médico de su honra* the emergence of more modern perspectives on marriage One of the central questions this study raises is the degree to which the dramatic works of early modern Spain conform to the morality espoused by the treatises that defined marriage at the time While the tone of prescriptive discourses contrasts with the lyrical voices of the Spanish stage both reveal a number of inherent and compelling contradictions in their views of the conjugal bond

The Significance and Impact of Gregorio Marañón Gary D. Keller, 1977 This volume analyzes the literary and historical oeuvre of Marañón and places him in historical perspective Marañón was an independent discoverer of infantile sexuality and in fact incorporated several Freudian concepts into his work *Don Juan* the legend and *Don Juanism* were also a major source of speculation for Marañón In a separate section on Marañón's theory of biography and notion of historiography Keller analyzes the physician's ideas and contrasts them with the theories of other historians and biographers such as J. Vicens Vives and André Maurois

Life of Goethe Heinrich Düntzer, 1883 **Europe's Welfare Traditions Since 1500, Volume 1** Thomas McStay Adams, 2023-01-26 Tracing the interwoven traditions of modern welfare states in Europe over five centuries Thomas McStay Adams explores social welfare from Portugal France and Italy to Britain Belgium and Germany He shows that the provision of assistance to those in need has faced recognizably similar challenges from the 16th century through to the present how to allocate aid equitably and with dignity how to give support without undermining autonomy and motivation and how to balance private and public spheres of action and responsibility Across two authoritative volumes Adams reveals how social welfare administrators critics and improvers have engaged in a constant exchange of

models and experience locally and across Europe The narrative begins with the founding of the Casa da Misericórdia of Lisbon in 1498 a model replicated throughout Portugal and its empire and ends with the relaunch of a social agenda for the European Union at the meeting of the Council of Europe in Lisbon in 2000 Volume 1 which focuses on the period from 1500 to 1700 discusses the concepts of welfare and tradition It looks at how 16th century humanists joined with merchants and lawyers to renew traditional charity in distinctly modern forms and how the discipline of religious reform affected the exercise of political authority and the promotion of economic productivity Volume 2 examines 18th century bienfaisance which secularized a Christian humanist notion of beneficence producing new and sharply contested assertions of social citizenship It goes on to consider how national struggles to establish comprehensive welfare states since the second half of the 19th century built on the power of the vote as politicians pushed by activists and advised by experts appealed to a growing class of industrial workers Lastly it looks at how 20th century welfare states addressed aspirations for social citizenship while the institutional framework for European economic cooperation came to fruition

Vives-Goethe José Ortega y Gasset,1967 Perspectives on Philosophy of Communication Pat Arneson,2007 Perspective on Philosophy of Communication provides readers with an appreciation of philosophy of communication as central to understanding and guiding communicative action in a postmodern culture Each chapter provides readers with an understanding of the perspective of a well recognized philosopher s and addresses how his her work creatively informs current problems and issues in human communication This work provides an opportunity for readers to engage the interpretive creative and ultimately pragmatic spirit of selected philosophers who open the possibilities of communicative content in different ways

Bulletin Institut national genevois,1883 **The Ambiguous Mirror** Julian Palley,1983 *Subject Catalog* Library of Congress, **Goethe's Wisdom Literature** Roger H. Stephenson,1983 The significance of Goethe s aphorisms verse maxims and late philosophical poetry it is argued does not lie as others have maintained in any conceptual originality on his part but rather in his aesthetic transmutation of commonplace thought In his *Maximen und Reflexionen* and *Spruchdichtung* Goethe employed a novel mode of discourse that is neither poetry nor discursive prose a mode of discourse which because of its peculiar status helps pin point the border so much contested in current literary theory between aesthetic and non aesthetic writing His achievement is analysed against the background of the theory and practice of wisdom literature in the seventeenth and eighteenth centuries viewed from the wider perspective of the contemporary debate on epistemological issues
