Writing: Texts, Processes and Practices Christopher N. Candlin, Ken Hyland, 2014-06-11 Writing Texts Processes and Practices offers an innovative and multidisciplinary approach to writing in a variety of academic and professional settings. The book is composed of a series of original research based accounts by leading authorities from a range of disciplines. The papers are linked through a unifying perspective which emphasises the role of cultural and institutional practices in the construction and interpretation of written texts.
