America and the Challenges of Religious Diversity Robert Wuthnow, 2011-07-01 Muslims Hindus Buddhists and adherents of other non Western religions have become a significant presence in the United States in recent years Yet many Americans continue to regard the United States as a Christian society How are we adapting to the new diversity Do we casually announce that we respect the faiths of non Christians without understanding much about those faiths Are we willing to do the hard work required to achieve genuine religious pluralism Award winning author Robert Wuthnow tackles these and other difficult questions surrounding religious diversity and does so with his characteristic rigor and style *America and the Challenges of Religious Diversity* looks not only at how we have adapted to diversity in the past but at the ways rank and file Americans clergy and other community leaders are responding today Drawing from a new national survey and hundreds of in depth qualitative interviews this book is the first systematic effort to assess how well the nation is meeting the current challenges of religious and cultural diversity The results Wuthnow argues are both encouraging and sobering encouraging because most Americans do recognize the right of diverse groups to worship freely but sobering because few Americans have bothered to learn much about religions other than their own or to engage in constructive interreligious dialogue Wuthnow contends that responses to religious diversity are fundamentally deeper than polite discussions about civil liberties and tolerance would suggest Rather he writes religious diversity strikes us at the very core of our personal and national theologies Only by understanding this important dimension of our culture will we be able to move toward a more reflective approach to religious pluralism

Toward a Pastoral Theology of Holy Saturday Adam D. Tietje, 2018-11-01 Veterans who experience the overwhelming trauma of war are often still stuck in the far country In the aftermath many feel abandoned by God Adam D Tietje suggests that Holy Saturday Christ's descent into hell is the place where God fully identifies with our God abandonment In light of the resurrection it can be seen that the complete hiddenness of God on Holy Saturday is in fact the fullness of revelation God has chosen to be revealed precisely through the cross and the grave The author takes a Chalcedonian approach to the problem of relating a theology of Holy Saturday to the psychology of trauma Through the use of this method he suggests that pastoral caregivers might understand trauma and moral injury as soul wounds Sanctuary lament and confession and forgiveness and reconciliation are found to provide a direction for the care of such wounds
