Guy Stroumsa,Guy G. Stroumsa,1996 This book investigates the problem of esoteric traditions in early Christianity their origin and their transformation in Patristic hermeneutics in the West as well as in the East It argues that these traditions eventually formed the basis of nascent Christian mysticism in Late Antiquity These esoteric traditions do not reflect the influence of Greek Mystery religions as has often been claimed but rather seem to stem from the Jewish background of Christianity They were adopted by various Gnostic teachings a fact which helps explaining their eventual disappearance from Patristic literature The ten chapters study each a different aspect of the problem including the questions of Gnostic and Manichaeic esotericism This book will be of interest to all students of religious history in Late Antiquity This publication has also been published in paperback please click here for details
