Tales for Fairies Alba Morollón Díaz-Faes,2026-01-13 A groundbreaking exploration of how classic fairy tales have been transformed to illuminate and celebrate queer identities This scholarly account provides a trailblazing examination of how contemporary authors artists and creators have reclaimed the fairy tale for queer audiences Alba Moroll n D az Faes examines the queer threads in classic fairy tales like those in the works of Giambattista Basile the Brothers Grimm and Marie Catherine d Aulnoy while tracing how queer communities have reshaped these stories to reflect changing social and political realities from the 1990s to the present This comprehensive study historicizes three periods of queer transformation of the fairy tale the first wave of fairy tale publications for a predominantly gay male readership in the 1990s a second wave in the 2000s that navigated queer politics through nuanced tales of monstrosity and heroism and a third wave in the 2010s of online queer communities circulating creative contestations to Disney s fairy tales With case studies from film to text to social

media D az Faes demonstrates how the inherent fluidity in fairy tales allows for the amplification of queer voices and experiences Ultimately Tales for Fairies not only reveals the long standing compatibility between queerness and the fairy tale but also charts an evolving landscape where imagination activism and retelling intersect to create a vibrant tradition of queer enchantment

Trites Race in Young Adult Speculative Fiction offers a sustained analysis of race and representation in young adult
speculative fiction YASF The collection considers how characters of color are represented in YASF how they contribute to
and participate in speculative worlds how race affects or influences the structures of speculative worlds and how race and
racial ideologies are implicated in YASF This collection also examines how race and racism are discussed in YASF or if indeed
race and racism are discussed at all Essays explore such notable and popular works as the Divergent series The Red Queen
The Lunar Chronicles and the Infernal Devices trilogy They consider the effects of colorblind ideology and postracialism on
YASF a genre that is often seen as progressive in its representation of adolescent protagonists Simply put colorblindness
silences those who believe and whose experiences demonstrate that race and racism do continue to matter In examining how
some YASF texts normalize many of our social structures and hierarchies this collection examines how race and racism are
represented in the genre and considers how hierarchies of race are reinscribed in some texts and transgressed in others
Contributors point toward the potential of YASF to address and interrogate racial inequities in the contemporary West and
beyond They critique texts that fall short of this possibility and they articulate ways in which readers and critics alike might
nonetheless locate diversity within narratives This is a collection troubled by the lingering emphasis on colorblindness in
YASF but it is also the work of scholars who love the genre and celebrate its progress toward inclusivity and who further see
in it an enduring future for intersectional identity **Books for Children** ,1968
